Scoffing at Scripture Frank Bolger Kelly,2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disentrall themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world s major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world s priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly s intent is to facilitate critical analysis of the world s holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world s major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance [The Wiley Blackwell Handbook of Humanism](#) Andrew Copson,A. Neighbors Deanna Ferree Womack, 2020-03-17 Named one of the Top 10 Books of the Year in 2020 by the Academy of Parish Clergy For a long time American Christians have been hearing a story about Islam It's a story about conflict and hostility about foreigners and strangers At the heart of this story is a fundamental incompatibility between the two religions going all the way back to their original encounters According to that story the only valid Christian response to Islam is resistance But it's time to tell a different and truer story Christians and Muslims have not always fought or lived in fear of each other Christian communities in majority Muslim countries have coexisted with their Muslim neighbors for centuries More importantly Muslims have been part of the American story from its beginning And like their Christian neighbors Muslims want to make the community in which they live a better place for all citizens In *Neighbors* Deanna Ferree Womack lays the groundwork for members of the two religions to understand converse and cooperate with each another With models for cultivating empathy and interfaith awareness Christians can move from neighborly intention to real dialogue and common action with Muslims in the United States Ideal for individual or group study the book includes discussion guide for group study with links to video clips a timeline of the first Muslim communities and a glossary of Arabic terms related to Islam
