Godden, 2003-05-16 This is the first major book on English blue and white porcelain since the early 1970s Not only is it the latest and most up to date work but it includes types not previously studied and extends the range of wares into the early years of the nineteenth century It is a unique comprehensive study The number of instructive illustrations exceeds seven hundred including helpful comparison photographs and details of identifying features footrimms handle forms manufacturing characteristics and marks Apart from introductory chapters on collecting blue and white and on the introduction and development of this popular mode of decoration this unique coverage comprises details of over twenty distinct makes including the relatively newly researched eighteenth century factories at Isleworth Limehouse and Vauxhall The inclusion of the several post 1790 factories covers new ground The section on fakes and reproductions will also prove instructive and helpful Guidance is given on the popularity of the various types in the market and on past and more recent prices paid for specimens in the London auction rooms Particular attention has been directed at the three large sales of the late Dr Bernard Watney's world renowned collection held by Messrs Phillips in 1999 and 2000 General estimates of market values are also offered *Eighteenth-century English Porcelain in the Collection of the Indianapolis Museum of Art* Indianapolis Museum of Art, Catherine Beth Lippert, 1987 This very thorough catalogue with excellent footnotes and bibliography firmly places the subject in its broadest context Apollo Covers approximately 95 pieces representing Chelsea Bow Derby Worcester Chamberlain Worcester Caughley Longton Hall Spode and Hilditch and Sons *18th and 19th Century Porcelain Analysis* Howell G. M. Edwards, 2020-07-13 This book addresses the contributions made by analytical chemistry to the characterisation of 18th and early 19th Century English and Welsh porcelains commencing with the earliest reports of Sir Arthur Church and of Herbert Eccles and Bernard Rackham using chemical digestion techniques and concluding with the most recent instrumental experiments which together span

more than a hundred years of study From the earliest experiments which required necessarily the sacrifice of significant portions of each specimen which may already have been damaged to the latest experiments which needed only microsampling or the non destructive interrogation of valuable perfect specimens a comprehensive survey is undertaken of more than twenty manufactories of quality porcelains The correlation is made between the quantitative elemental oxide determinations of the scanning electron microscopic diffraction and Xray fluorescence data and the qualitative molecular spectroscopic Raman data to demonstrate their complementarity and use in the holistic forensic assessment of the origin of the fired porcelains this will form the groundwork for the adoption of analytical techniques for the attribution of unknown or questionable porcelains to their potential source factories The book will also examine the perception of what constitutes a porcelain and its definitions and examines the assignment of porcelains to types which currently employs the definitions of hard paste soft paste hybrid magnesian and bone china from the conclusions derived from the analytical data and a consideration of the raw materials employed in their manufacturing processes During the discussion of this analytical evidence several themes and protocols have been established for its utilisation in the potential identification of porcelains and several case studies undertaken for this purpose are cited The book will be of interest to analytical scientists to museum ceramics curators and to ceramics historians

English China Geoffrey A. Godden, 1985 This is an edited and revised compilation of 15 of the standard reference books written by Geoffrey Godden between 1961 and 1983 many of which are now out of print It provides an excellent survey of the main types of English 18th century porcelain Mason's Ironstone china and the productions of the Coalport Ridgway and Minton factories up to the mid 19th century with an important section of Parian porcelain An illustrated glossary of the basic types of English ceramics factory marks and extensive bibliography and general hints on forming a collection make this a particularly useful work for anyone with an interest in ceramics

*Empire of Tea* Markman Ellis,Richard Coulton,Matthew Mauger,2015-06-15 Although tea had been known and consumed in China and Japan for centuries it was only in the seventeenth century that Londoners first began drinking it Over the next two hundred years its

stimulating properties seduced all of British society as tea found its way into cottages and castles alike One of the first truly global commodities and now the world's most popular drink tea has also today come to epitomize British culture and identity This impressively detailed book offers a rich cultural history of tea from its ancient origins in China to its spread around the world The authors recount tea's arrival in London and follow its increasing salability and import via the East India Company throughout the eighteenth century inaugurating the first regular exchange both commercial and cultural between China and Britain They look at European scientists' struggles to understand tea's history and medicinal properties and they recount the ways its delicate flavor and exotic preparation have enchanted poets and artists Exploring everything from its everyday use in social settings to the political and economic controversies it has stirred such as the Boston Tea Party and the First Opium War they offer a multilayered look at what was ultimately an imperial industry a collusion and often clash between the world's greatest powers over control of a simple beverage that has become an enduring pastime

**The Oxford Handbook of the Georgian Theatre 1737-1832** Julia Swindells, David Francis Taylor, 2014-01-16 The Oxford Handbook of the Georgian Theatre 1737-1832 provides an essential guide to theatre in Britain between the passing of the Stage Licensing Act in 1737 and the Reform Act of 1832 a period of drama long neglected but now receiving significant scholarly attention Written by specialists from a range of disciplines its forty essays both introduce students and scholars to the key texts and contexts of the Georgian theatre and also push the boundaries of the field asking questions that will animate the study of drama in the eighteenth and early nineteenth centuries for years to come The Handbook gives equal attention to the range of dramatic forms not just tragedy and comedy but the likes of melodrama and pantomime as they developed and overlapped across the period and to the occasions communities and materialities of theatre production It includes sections on historiography the censorship and regulation of drama theatre and the Romantic canon women and the stage and the performance of race and empire In doing so the Handbook shows the centrality of theatre to Georgian culture and politics and paints a picture of a stage defined by generic fluidity and experimentation by networks of performance that spread far beyond London by professional women who played pivotal roles in every aspect of production and by its complex mediation of contemporary attitudes of class race and gender
