Ingenious Lacksome Classic Detective Carrados:

The Ingenious Mind of Mr Rigby Lacksome (A Classic Short Story of Detective Max Carrados) Ernest Bramah, 2016-01-18 This early work by Ernest Bramah was originally published in 1927 and we are now republishing it with a brand new introduction The Ingenious Mind of Mr Rigby Lacksome is a classic case for blind super sleuth Max Carrados Ernest Bramah Smith was born near Manchester in 1868 He was a poor student and dropped out of the Manchester Grammar School when sixteen years old to go into the farming business Bramah found commercial and critical success with his first novel The Wallet of Kai Lung but it was his later stories of detective Max Carrados that assured him lasting fame **The Adventures of of Max Carrados** Ernest Bramah, 2022-11-13 In The Adventures of Max Carrados Ernest Bramah presents a captivating collection of detective stories centered around the blind sleuth Max Carrados The narrative unfolds through a series of meticulously crafted mysteries that challenge the conventions of the genre Bramah's prose is notable for its wit and clarity employing an engaging first person perspective that accentuates Carrados's unique abilities and perceptive insights Set in the early 20th century the stories reflect the intersection of traditional detective fiction and emerging modernist themes as Bramah explores the notion of perception and knowledge beyond the realm of sight Ernest Bramah a distinguished figure in early 20th century literature was deeply influenced by his experiences and observations of the society around him Born in 1868 Bramah began his career in journalism which honed his narrative skills and understanding of human nature essential elements woven into Carrados's investigations Furthermore his interest in eastern philosophy and culture often informed his inventive storytelling revealing a multidimensional understanding of both the ordinary and extraordinary aspects of life Readers interested in unconventional detective fiction will find The Adventures of Max Carrados a refreshing exploration of mystery literature Bramah's clever plots and the intriguing character of Carrados invite readers to question not only the nature of sight but also the depths of human intuition This book is a must read for both aficionados of the genre and newcomers looking for a thought provoking literary experience Ocular Proof and the Spectacled Detective in British Crime Fiction Lisa Hopkins, 2023-05-31 From Sherlock Holmes onwards fictional detectives use lenses Ocular Proof and the Spectacled Detective in British Crime Fiction argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives methods but also the kinds of cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare's Othello reminds us that Othello is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem

ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases

Four Max Carrados Detective Stories Ernest Bramah Smith,2021-07-16 It was eight o'clock at night and raining scarcely a time when a business so limited in its clientele as that of a coin dealer could hope to attract any customer but a light was still showing in the small shop that bore over its window the name of Baxter and in the even smaller office at the back the proprietor himself sat reading the latest Pall Mall His enterprise seemed to be justified for presently the door bell gave its announcement and throwing down his paper Mr Baxter went forward As a matter of fact the dealer had been expecting someone and his manner as he passed into the shop was unmistakably suggestive of a caller of importance But at the first glance towards his visitor the excess of deference melted out of his bearing leaving the urbane self possessed shopman in the presence of the casual customer

The Eyes of Max Carrados Ernest Bramah,2018-01-07 INTRODUCTION IN offering a series of stories which continue the adventures of a group of characters already introduced to the reading public a writer is inevitably at a certain disadvantage In contriving their first appearance he has been able to select both the occasion and the moment which lend themselves most effectively to his plan He has begun at the beginning or at least at what so far as you and he and the tale he has to tell are concerned must be accepted as the beginning Buttonholing you at the intersection of these three lines of destiny he has in effect exclaimed My dear Reader the very man I wished to see I want to introduce rather a remarkable character to you Max Carrados whom you see approaching You will notice that he is blind quite blind but so far from that crippling his interests in life or his energies it has merely impelled him to develop those senses which in most of us lie half dormant and practically unused Thus you will understand that while he may be at a disadvantage when you are at an advantage he is at an advantage when you are at a disadvantage The alert slightly spoffish gentleman with the knowing look who accompanies him is his friend Carlyle He has a private inquiry business now formerly he was a solicitor but here the voice becomes discreetly inaudible and having run up across Carrados again And so on This is well enough once but it should not be repeated One cannot begin at the beginning

twice In any case it does not dispose of an obvious dilemma those among prospective readers who are acquainted with the first book do not need to be informed of the how when and wherefore of Carrados and his associates those who are not so acquainted possibly even a larger class do need to be informed and may resent the omission In the circumstances a word of explanation where it can conveniently be avoided seems to offer the least harmful course
