family and his community to that fateful night [Do Your Children Believe?](#) Terence Chatmon, 2017-02-07 Are your children ready to live out their faith in the real world Most parents who value Christian faith want their children to enjoy a vibrant growing relationship with God both now and throughout their lives But few of those parents ever attach this hope to an ongoing plan therefore they fail to lay a reliable spiritual track in front of the fast moving train of family life This book is a junction point where deep parental desire meets workable design and where timid inadequacy meets Christ's sufficiency It's where individual families become multiplication factories exerting a lasting impact not only on their coming generations but even on the culture at large The death of Joshua and his contemporaries was barely old news in Israel before the people of God experienced a Judges 2 10 moment There arose another generation after them who did not know the Lord or the work that he had done ESV One generation is all it takes One generation who stops remembering One generation who stops creating One generation blinded to God's real work in their lives who then subtly quiets the expectation of His new work in succeeding generations Do Your Children Believe appears at a time in history when another Judges 2 10 moment doesn't sound so incredibly far fetched a day when many people's only real knowledge of God comes from what they've heard and read about not what they've actually seen and experienced and when His work is more about the dutiful following of rules than the daily adventure of walking with Him as Lord Imagine instead a generation of your family who knows God with intimate familiarity Who doesn't just pretend at faith but actually lives it Kids who can tell you what they believe and why it matters Teenagers who handle adversity with the resilient joy of godly wisdom A family who prays together and worships together growing into young adults who are equipped and inspired to keep this torch ablaze from the moment their own new families begin This book is here to make that reality happen written by an author equipped with not only a passion for the concept but also a proven plan for success a wealth of first hand personal stories from his wife and kids for how they've put this plan into living action with remarkable blessings in tow When God puts His power behind families who embrace this kingdom call on the ground change will result in off the charts revival **Raising Happiness** Christine Carter, Ph.D., 2010-02-02 What do we wish most for our children Next to being healthy we want them to be happy of course Fortunately a wide array of scientific studies show that happiness is a learned behavior a muscle we can help our children build and maintain Drawing on what psychology sociology and neuroscience have proven about confidence gratefulness and optimism and using her own chaotic and often hilarious real world adventures as a mom to demonstrate do's and don'ts in action Christine Carter Ph.D. executive director of UC Berkeley's Greater Good Science Center boils the process down to 10 simple happiness inducing steps With great wit wisdom and compassion Carter covers the day to day pressure points of parenting how best to discipline get kids to school and activities on time and get dinner on the table as well as the more elusive issues of helping children build healthy friendships and develop emotional intelligence In these 10 key steps she helps you interact confidently and consistently with your kids to foster the skills habits and mindsets that will set the stage for

positive emotions now and into their adolescence and beyond Inside you will discover the best way avoid raising a brat changing bad habits into good ones tips on how to change your kids attitude into gratitude the trap of trying to be perfect and how to stay clear of its pitfalls the right way to praise kids and why too much of the wrong kind can be just as bad as not enough the spirit of kindness how to raise kind compassionate and loving children strategies for inspiring kids to do boring but necessary tasks and become more self motivated in the process Complete with a series of try this tips secrets and strategies Raising Happiness is a one of a kind resource that will help you instill joy in your kids and in the process become more joyful yourself **The Effects of the September 11 Terrorist Attack on Pakistani-American Parental**
