American Heart of Darkness Volume I explores the ugly side of America that has been hidden for far too long and it is literally killing us This book is not for the reader looking for an uplifting story to escape everyday life for a few hours It is for true patriots who are sick and tired of being lied to and stolen from It is for those who know they need to do something but do not know where to start It is for those who feel powerless and that Americas problems are far too big for little ol me to handle It is for those with the courage to go from darkness to light As comedian and activist Dick Gregory once said If you been in the DARK for so long LIGHT will hurt your eyes This book will hurt your eyes The reader will be shocked then angry then motivated and finally in the authors next two books empowered and liberated It is better to see where we are and where we need to go right now before it is too late Congratulations If you have read this far this book is probably for you Please keep in mind the universal truth that with any form of government the leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the authors next two books I Am Kellie Earl Maggie Charters,2022-01-28 Kellie Earl is a child of the fifties in
