Gudō Nishijima, Chodo Cross, 2003 **Readings of Dōgen's "Treasury of the True Dharma Eye"** Steven

Heine, 2020-05-12 The Treasury of the True Dharma Eye Shōbōgenzō is the masterwork of Dōgen 1200-1253 founder of the Sōtō Zen Buddhist sect in Kamakura era Japan. It is one of the most important Zen Buddhist collections composed during a period of remarkable religious diversity and experimentation. The text is complex and compelling, famed for its eloquent yet perplexing manner of expressing the core precepts of Zen teachings and practice. This book is a comprehensive introduction to this essential Zen text, offering a textual, historical, literary, and philosophical examination of Dōgen's treatise. Steven Heine explores the religious and cultural context in which the Treasury was composed and provides a detailed study of the various versions of the medieval text that have been compiled over the centuries. He includes nuanced readings of Dōgen's use of inventive rhetorical flourishes and the range of East Asian Buddhist textual and cultural influences that shaped the work. Heine explicates the philosophical implications of Dōgen's views on contemplative experience and attaining and sustaining enlightenment, showing the depth of his distinctive understanding of spiritual awakening. Readings of Dōgen's Treasury of the True Dharma Eye will give students and other readers a full understanding of this fundamental work of world religious literature. **Dr Kazuo Inamori's Management Praxis and Philosophy** Kimio Kase, Eugene Choi, Ikujiro

Nonaka, 2022-08-30 This book offers a meditation on the links between philosophy and its implementation, interpreting why and how a leader's philosophy strengthens his action predicated on the purposeful vision of life and discusses the hypothesis that performance control in management may be driven by transcendental and intrinsic motivations, contrasting with the traditional management control theory. It construes how Inamori's management philosophy disciplines accounting and finance management towards putting its basic tenets into practice. Examining in particular the history of Kyocera, the authors provide a contemplative look at a human-centric philosophy which will be of interest to scholars of management, corporate executives, and economists with a philosophical bent. Master Dogen's Zazen Meditation Handbook Eihei

Dogen, 2022-03-02 Dōgen's famous text on Zen practice comes alive in the hands of a modern meditation master Carl Bielefeldt, Professor of Religious Studies, Stanford University, and author of Dōgen's Manuals of Zen Meditation. This is the definitive English translation of a foundational work of Zen Buddhism, the Bendōwa On the Endeavor of the Way by Eihei Dōgen, founder of the Sōtō school of Zen in Japan. Written in 1231, it contains the master's essential teachings on zazen or seated meditation, which is the fundamental pathway to Buddhist enlightenment. The first part of the book introduces the notion of wondrous dharma and looks at the role of the individual to society and notions of time and interconnection. The second part of the work is cast in the form of a dialogue in the Q & A format, offering answers to questions a Zen novice might pose regarding the

paths to enlightenment How can passively sitting being a means of attaining enlightenment Why is sitting so key to meditation Can seated meditation be combined with other practices How can I maintain a practice that accords with my other responsibilities in life What sets this edition apart are the contemporary insights by modern Zen master Kosho Uchiyama Roshi which tackle some of the difficulties readers face in comprehending Dogen s guidance and demystify some of the terms and concepts central to an understanding of zazen practice and Buddhist philosophy He discusses the notion of dharma as presented in the text and looks at Buddhist thought through the lens not of abstraction but in terms of its concrete realities
