

GLOCK INSTRUCTION FOR USE

for the Safe Action self-loading pistol

TAKE NOTE:

Always assume that the GLOCK pistol or any other firearm is loaded is capable of being discharged until you the user, have been personally convinced to the contrary. Until the magazine is removed and you have inspected the chamber and complete the unloading procedures as presented on page 21, the firearm must be considered to be loaded and capable of being fired. **Never** aim at persons when handling the weapon.

When firing with a two hand grip, the thumb of the weak hand should be on the weak hand side of the firearm, never behind the slide.

Before using the GLOCK pistols, the operating instructions and safety information in this manual must be read and understood.

Any firearm, including the GLOCK pistols, is a dangerous weapon, **it must not become accessible to unauthorized persons, especially children.**

Glock Paul M. Barrett, 2013-01-15 The Glock pistol is America's Gun It has been rhapsodized by hip hop artists and coveted by cops and crooks alike Created in 1982 by Gaston Glock the pistol arrived in America at a fortuitous time Law enforcement agencies had concluded that their agents and officers armed with standard six round revolvers were getting outgunned by drug dealers with semi automatic pistols they needed a new gun With its lightweight plastic frame and large capacity spring action magazine the Glock was the gun of the future You could drop it underwater toss it from a helicopter or leave it out in the snow and it would still fire It was reliable accurate lightweight and cheaper to produce than Smith and Wesson's revolver Filled with corporate intrigue political maneuvering Hollywood glitz bloody shoot outs and an attempt on Gaston Glock's life by a former lieutenant Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public but also a compelling chronicle of the evolution of gun culture in America

family had held back on taking a holiday abroad for quite a few years B J as he was known to all his friends decided with his twenty fifth wedding anniversary just around the corner he would surprise his wife Shelia and book an all inclusive ten day holiday to the Canary Island of Tenerife For B J and Shelia this will be the holiday of a lifetime and a chance for some fun in the sun and a nice bit of romance And the icing on the cake was this was the first time they were going on holiday without their now two grown up girls What B J and the world weren t prepared for happened after only one day and night into the Jamesons idyllic holiday In short Tenerife became an absolute killing field and mysteriously the majority of the murders were committed by tourists It turned out Tenerife was just a testing ground Soon another country would become the target of bizarre weather events that pushed the boundaries of the laws of physics and even crossed into the paranormal realm Out of the ashes of the catastrophe that not only destroyed B J s but everyone s lives who were on the island Tenerife an odd alliance was also formed More bizarrely this alliance was between B J a physics lecturer a gangland boss a spiritualist and various government departments from around the world For B J and his team they knew the clock was ticking Globally bodies were stacking up and soon without intervention this unknown force would be unstoppable
