## **Gnosticism The Doctrinal Foundation Of The New Bible Versions:**

Gnosticism ,2009-04-01 This book is about Gnosticism It is an indepth look at the false religion s of the Gnostic and its influence This book demonstrates how the Gnostic philosophy and corruption of Christian theology spilled over into the New Versions of the Bible Gnosticism the Doctrinal Foundation of the New Bible Versions D. A. Waite,2014-03 This 212 page book documents over 15 serious unBiblical heresies taught by key Gnostic leaders from all over the world It will be seen from this study that the modern Bible versions like the ASV ERV RSV NRSV NEB NASV NIV ESV and many others contain many of these same doctrinal heresies These heresies are not by accident They were purposely caused The reason for this is that the headquarters of Gnosticism was Alexandria Egypt It is also true that the Vatican and Sinai N T Greek manuscripts on which these new versions are based originated in this same city Alexandria Egypt It is clear that when the Traditional Greek Words in the Gnostics possession opposed their heresies these apostate Gnostics doctored the N T Greek Words in order to conform them to these heresies In actuality Gnosticism not some manuscript debate is the doctrinal foundation of the Vatican and Sinai Greek N T manuscripts and hence the doctrinal foundation of the new Bible versions which are based upon them This explains the title of this book GNOSTICISM The Doctrinal Foundation Of the New Bible Versions **The Quest For Truth** Michael Dedivonai,2012-08-30 This book is for the reader who takes interest in an age old issue that remains contemporary with every succeeding generation When how and why we are here are questions that have caused countless generations of thinkers and laymen alike to intuitively seek at the very least the semblance of an answer to questions that have become more of an outlook than a science and in turn spring up among the problems of modern life as opposed to allowing for a resolution to that which was intended to clarify instead of further complicate Free from the shackles and bias imposed by the various schools of religious scientific and philosophical thought the examinations offered herein are rooted in systematic analyses of the scientific philosophical ethical social and finally the religious which in turn allows for the explanation and justification of concepts that enable the reader to adopt a perspective relevant to the distinctions of absolute truth and relativistic assumptions Our age is accurately referred to as the age of advancement and technology and for good reason The rapid pace of progression over the last century in the life sciences has contributed to a broadened understanding of knowledge itself and its relation to the psychological and sociological aspects of our existence As a result of the significant expansion of the sciences the desire for an understanding of self and simply of why has in many ways been diluted thus negating the never ending questions that once tugged at man s conscious in the middle of the night for thousands of years Today s amazing achievements have laid the foundation for a whole series of newer problems and questions that threaten mankind as never before The medical and biological sciences have enabled us to have a life expectancy beyond that of prior generations however coupled with that are the problems of population explosion which in the not too distant future will give rise to serious concerns We have the ability to harness the power of the atom yet along with it comes the ability to destroy all

that we hold sacred Taking into consideration the advanced age we live in how does one account for the remarkable complexity extant throughout the known universe Is one to assume that our consciousness coupled with our overwhelming sense of purpose can be attributed solely to random chance alone The law of causation deals with the need for a preceding event leading to the outcome and despite the fact that this scientific age has left its handprint on every facet of life today it has failed to satisfy the innate question of simply why *The Heresy of Orthodoxy (Foreword by I. Howard Marshall)*

Andreas J. Köstenberger, Michael J. Kruger, 2010-06-09 Beginning with Walter Bauer in 1934 the denial of clear orthodoxy in early Christianity has shaped and largely defined modern New Testament criticism recently given new life through the work of spokesmen like Bart Ehrman Spreading from academia into mainstream media the suggestion that diversity of doctrine in the early church led to many competing orthodoxies is indicative of today's postmodern relativism Authors Köstenberger and Kruger engage Ehrman and others in this polemic against a dogged adherence to popular ideals of diversity Köstenberger and Kruger's accessible and careful scholarship not only counters the Bauer Thesis using its own terms but also engages overlooked evidence from the New Testament Their conclusions are drawn from analysis of the evidence of unity in the New Testament the formation and closing of the canon and the methodology and integrity of the recording and distribution of religious texts within the early church *Canon Revisited* Michael J. Kruger, 2012-04-30 Given the popular level conversations on phenomena like the Gospel of Thomas and Bart Ehrman's Misquoting Jesus as well as the current gap in evangelical scholarship on the origins of the New Testament Michael Kruger's *Canon Revisited* meets a significant need for an up to date work on canon by addressing recent developments in the field He presents an academically rigorous yet accessible study of the New Testament canon that looks deeper than the traditional surveys of councils and creeds mining the text itself for direction in understanding what the original authors and audiences believed the canon to be *Canon Revisited* provides an evangelical introduction to the New Testament canon that can be used in seminary and college classrooms and read by pastors and educated lay leaders alike In contrast to the prior volumes on canon this volume distinguishes itself by placing a substantial focus on the theology of canon as the context within which the historical evidence is evaluated and assessed Rather than simply discussing the history of canon rehashing the Patristic data yet again Kruger develops a strong theological framework for affirming and authenticating the canon as authoritative In effect this work successfully unites both the theology and the historical development of the canon ultimately serving as a practical defense for the authority of the New Testament books **A Religious Encyclopædia, Or, Dictionary of Biblical, Historical,**
