God and Caesar John Eidsmoe, 1984-07 **God and Caesar** John Eidsmoe, 1984 **America's God and Country** William J. Federer, William Joseph Federer, 1994 An Invaluable resource highlighting America's noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays *Religious Leadership in National Political Conflict* Lloyd Tichaenda Nyarota, 2013-03-07 It is one thing for a religious leader to confront and challenge political leaders it is altogether another thing when such a leader becomes a partisan political leader This is what happened in the case of Bishop Abel Tendekai a bishop of the United Methodist Church For such a religious leader to attempt to traverse both worlds political and religious are in some ways uncharted waters in other ways they are treacherous waters The pages which follow in this lucid and detailed volume is an effort to look back on the challenge and complexity of moving from colonialism to independence to the making of a new independent nation on the Continent of Africa What happens when the prophetic voice expected of and from the Church becomes the identified political entity How does it challenge itself or how is it distinguished from the political power it seeks to hold accountable on behalf of all the people These are several of the questions Nyarota tackles through the examination of the impact of the struggle for liberation upon the United Methodist Church its leader Bishop Muzorewa as both find themselves in the midst of nation building political struggle and the vying for political power Christianity or Humanism: Which Will You Choose? Robert L. Waggoner, D.Min., 2014-06-09 Most Christians are blissfully uninformed about the worldview of Humanism and therefore do not realize that secular Humanism has now largely displaced our society's Christian foundations Robert Waggoner Precise information Secular Humanism is the major belief system that currently challenges Christian faith in the Western world Arguments and evidence The Christian worldview is indeed superior to Humanism Warning Humanism is a threat to Christian institutions and beliefs Motivation Greater activity is necessary not only in service to God and humanity but also in resisting and overthrowing Humanism The Democratic Virtues of the Christian Right Jon A. Shields, 2009-02-22 Jon Shields argues that religious conservatives have in fact dramatically increased and improved democratic participation and that they are far more civil and reasonable than is commonly believed from publisher description Revolution Within the Revolution William Roscoe Estep, 1990 This is a print on demand book and is therefore non returnable Distinguished historian William Estep offers in this book a lively account of the persons and events that influenced the shaping of the First Amendment Estep shows specifically how evangelical dissenters laid the groundwork necessary for the triumph of religious freedom in America something that has often been ignored Incredibly says Estep some Christians today appear determined to reinterpret if not eliminate the First Amendment and its historically revolutionary provision for the separation of church and state But those who envision America as a church state where Puritan ideals and concepts should rule misconstrue the amendment's original intent to free citizens from the overweening power of a church controlled state The book includes an

ample bibliography and an appendix of rarely seen documents pertaining to the struggle for religious liberty A wide audience including students ministers and general readers across the religious spectrum will appreciate this absorbing historical account

Render Unto Caesar Charles J. Chaput,2008-08-12 People who take God seriously will not remain silent about their faith They will often disagree about doctrine or policy but they won t be quiet They can t be They ll act on what they believe sometimes at the cost of their reputations and careers Obviously the common good demands a respect for other people with different beliefs and a willingness to compromise whenever possible But for Catholics the common good can never mean muting themselves in public debate on foundational issues of human dignity Christian faith is always personal

but never private This is why any notion of tolerance that tries to reduce faith to private idiosyncrasy or a set of opinions that we can indulge at home but need to be quiet about in public will always fail From the Introduction Few topics in recent years have ignited as much public debate as the balance between religion and politics Does religious thought have any place in political discourse Do religious believers have the right to turn their values into political action What does it truly mean to have a separation of church and state The very heart of these important questions is here addressed by one of the leading voices on the topic Charles J Chaput Archbishop of Denver While American society has ample room for believers and nonbelievers alike Chaput argues our public life must be considered within the context of its Christian roots American democracy does not ask its citizens to put aside their deeply held moral and religious beliefs for the sake of public policy In fact it requires exactly the opposite As the nation s founders knew very well people are fallible The majority of voters as history has shown again and again can be uninformed misinformed biased or simply wrong Thus to survive American democracy depends on an engaged citizenry people of character including religious believers fighting for their beliefs in the public square respectfully but vigorously and without apology Anything less is bad citizenship and a form of theft from the nation s health Or as the author suggests Good manners are not an excuse for political cowardice American Catholics and other persons of goodwill are part of a struggle for our nation s future says Charles J Chaput Our choices including our political choices matter Catholics need to take an active vocal and morally consistent role in public debate We can t claim to personally believe in the sanctity of the human person and then act in our public policies as if we don t We can t separate our private convictions from our public actions without diminishing both In the words of the author How we act works backward on our convictions making them stronger or smothering them under a snowfall of alibis Vivid provocative clear and compelling Render unto Caesar is a call to American Catholics to serve the highest ideals of their nation by first living their Catholic faith deeply authentically [Liberating the Nations](#) Stephen K. McDowell, Mark A. Beliles, 2008 The Bible teaches and history confirms that to the degree that nations have applied the principles of the Bible in all spheres of life is the degree to which they have prospered been free and acted justly Learn biblical principles as they apply to various spheres of life Examine the role of the church the family the media and civil government in a nation and learn what you can do to bring Godly reform **Systematic Theology/Historical Theology Bundle** Wayne A. Grudem, Gregg Allison, 2015-10-27 A collection that includes two of our most exemplary textbooks Systematic Theology and Historical Theology The ebook will provide an introduction to Biblical and Christian doctrine **Biblical Captivity** Robert Kimball Shinkoskey, 2012-09-11 Early literary man learned that free speech and free labor were frequently suppressed or obliterated by powerful governments in the Near Eastern world This is the source of the Bible s passionate interest in liberation from political and economic repression Moses and his people in Egypt for example experienced the rapid disintegration of their traditional right to religious liberty and self directed labor They attempted to rectify the situation at Sinai and in Canaan Mesopotamians and

Egyptians Greeks Sicilians and Romans labored against tyranny as well Robert Kimball Shinkoskey focuses on stories laws and movements dealing with the problem of political idolatry in the ancient world His purpose is to show that the Bible is a civic narrative as much as a religious one and that the Ten Commandments are articles in a constitutional law system that promotes the steady rule of law rather than the capricious rule of man **Redeeming America** Michael

Lienesch,2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In Redeeming America Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right s approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety *Biblical Counsel* ,1993 The Political Crisis and Christian Ethics Ronald H.

Stone,2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president s followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr s writing on politics and in Barack Obama s use of the theologian s thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich s critique of John Foster Dulles work and in the author s critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead s philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy Systematic Theology Wayne A. Grudem,2009-05-18 The Christian church has a long tradition of systematic theology that is of studying biblical teaching on centrally important doctrines such as the Word of God redemption and Jesus Christ Wayne Grudem s bestselling Systematic Theology has several distinctive features A strong emphasis on the scriptural basis for each doctrine Clear writing with technical terms kept to a minimum A contemporary approach treating subjects of special interest to the church today A friendly tone appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross reference subjects to a wide range of other systematic theologies **Making**

Sense of the Church Wayne A. Grudem, 2011-02-01 Wayne Grudem's Systematic Theology is required reading in many courses on biblical theology and with good reason. The textbook's emphasis on the scriptural basis for each doctrine along with its clear writing and contemporary approach make it an indispensable resource for many Christians. This series presents as a separate book each of the seven main parts that make up the 1,600-page Systematic Theology, making it more portable, affordable, and less daunting. Part 6, Making Sense of the Church, explores the community of all true believers for all time, the church. Important topics include: The invisible church, the church as God sees it; The visible church, the church as Christians on earth see it; The purity of church, the degree of freedom from wrong doctrine and conduct; The primary purpose of the church, ministry to God, believers, and the world; The power of the church, its God-given authority to carry on spiritual warfare, proclaim the gospel, and exercise church discipline; Spiritual gifts, abilities empowered by the Holy Spirit and used in any ministry of the church. Written in a friendly tone appealing to the emotions and the spirit as well as the intellect, Making Sense of the Church helps readers overcome wrong ideas, make better decisions on new questions, and grow as Christians.
