Plachno,2016-05-15 What is the fastest that humans have ever travelled Do all Scientists agree that they understand gravity Is the argument of Darwin versus Creationism a good argument on either side Could some reality be in fact be an illusion as Einstein implied This book tries to answer some of those questions and how all truth we perhaps might believe might actually exist together at the same time The first two sections of this book speak to Science and Human Knowledge and how much do we humans really know I have a science degree but even I learned much in research while writing this book I tried to begin this book with a completely open mind since I believe that is how to seek truth In some cases I found new things surprising at least to me In other cases I just learned what some bright people in the past and current also think which just made me smile And I tried to write the book in such a simple manner that even I can understand it After the first two sections I do get into

some theories of mine based on human knowledge and science in the beginning of the book You are more than welcome to form other theories Those ensuing discussions might even make life more interesting Is the purpose of this book to convince you of something No It s goal is to make us all think including me and also to get our discussions into the 21st century For some odd reason some humans believe that other humans should never think about things that are important Science has moved on We no longer believe that the world has only four elements Earth Wind and Fire and Water It is time to get up to speed with what humans have learned And then comes the fun of deciding what theories based on that each of us wish to believe

Kleinberg, 2015-09-08 In the Old Testament God wrestles with a man and loses In the Talmud God wriggles his toes to make thunder and takes human form to shave the king of Assyria In the New Testament God is made flesh and dwells among humans For religious thinkers trained in Greek philosophy and its deep distaste for matter sacred scripture can be distressing A philosophically respectable God should be untainted by sensuality yet the God of sacred texts is often embarrassingly sensual Setting experts' minds at ease was neither easy nor simple and often faith and logic were stretched to their limits Focusing on examples from both

Christian and Jewish sources from the Bible to sources from the Late Middle Ages Aviad Kleinberg examines the way Christian and Jewish philosophers exegetes and theologians attempted to reconcile God's supposed ineffability with numerous biblical and postbiblical accounts of seeing hearing smelling touching and even tasting the almighty The conceptual entanglements ensnaring religious thinkers and the strange ingenious solutions they used to extricate themselves tell us something profound about human needs and divine attributes about faith hope and cognitive dissonance **I Could Use a Miracle Right Now** John Webb Kline, 2004 The movie The Passion of The Christ dramatically conveyed the price that Jesus paid on the cross to redeem the sins of the world John Webb Kline's new book I Could Use a Miracle Right Now profoundly brings the message of the cross and what it means to us in the 21st century into perspective in a way that few books can It is a story about one man's life long encounter with the Living Christ a story that one might call The Passion of the Christian It is a must read for any true seeker of truth or follower of Christ Author John Webb Kline describes his inspiring new book as a Workingman's Theology a theology that helps us to find God in the midst of our everyday struggles and which helps us to make sense out of the seemingly senseless trials and tribulations we all face Based on stories from his own often tumultuous yet miracle filled life Webb brings us to the amazing discovery that not only is God's intervention for our lives real but it is also there for each and everyone of us hidden only by our rational worldviews and unbelief This is a book about hanging on to faith when it would seem perfectly reasonable not to a book for the faithless and faithful alike it is a book for those who are feeling so hurt so angry or so left out of God's will that they have nothing left but the desire to curse God and die In today's world it very well could be your own handbook for survival Heart to Hand Ministries director Woody Wolfe has this to say about I Could Use a Miracle Right Now Webb is able to take us on that journey to see the true miracles that are the reality of our everyday lives even when the world had blurred our vision Webb's uncanny ability to put into words that which is at the heart of the true Gospel message has been such a blessing to me I wish this book would have been around during those first days of my full time ministry when I was still looking to the world for affirmation To truly understand that God is already knocked out about us gives us the freedom to be just who we are and Webb has brought that vision of the uncompromising love of God to these pages Please visit the Miraclenews website **Gabriel's Testament** Elijah Josiah Berryman, 1891 **Four Testaments** Brian Arthur Brown, 2016-07-08 Four Testaments brings together four foundational texts from world religions the Tao Te Ching Dhammapada Analects of Confucius and Bhagavad Gita inviting readers to experience them in full to explore possible points of connection and divergence and to better understand people who practice these traditions Following Brian Arthur Brown's award winning Three Testaments Torah Gospel Quran this volume of Four Testaments features essays by esteemed scholars to introduce readers to each tradition and text as well as commentary on unexpected ways the ancient Zoroastrian tradition might connect Taoism Buddhism Confucianism and Hinduism as well as the Abrahamic faiths Four Testaments aims to foster deeper religious understanding in our
