Goddesses and Sirens Stacey Demarco, 2013      **Beginnings** Todd Essick, 2004      *The Legacy of the Goddess* Rachel S. McCoppin, 2023-04-10 It is often assumed that the female characters found in popular folk and fairy tales are little more than inconsequential stereotypes mostly serving as hapless victims in need of rescue boring one dimensional princesses or egotistical and conniving villains This book presents more fully realized portraits of these female characters and the ways in which they actually represent bold and powerful connections to the goddesses of classic mythic narratives The rich legacy of female goddesses shamans queens and priestesses is in fact preserved and celebrated through these more modern representations whether as brides who can transform into animals wise old women who live alone in the deep wilderness strong warrior maidens or witches who can conquer and command the elements of nature In contemplating this revised analysis of female characters within global folktales and fairy tales readers can see that the goddesses of old have never truly been forgotten      Death and the Displacement of Beauty: Foundations of violence Grace Jantzen, 2004 Foundations of Violence enters the ancient world of Homer Plato and Aristotle to explore the genealogy of violence in Western thought through its emergence in Greece and Rome      **Some Cults of Greek Goddesses and Female Daemons of Oriental Origin** David R. D. Britt, 2022-05-05      Foundations of Violence Grace M Jantzen, Grace M. Jantzen, 2004-03-01 The pursuit of death and the love of death has characterized Western culture from Homeric times through centuries of Christianity taking particular deadly shapes in Western postmodernity This necrophilia shows itself in destruction and violence in a focus on other worlds and degradation of this one and in hatred of the body sense and sexuality In her major new book project Death and the Displacement of Beauty Grace M Jantzen seeks to disrupt this wish for death opening a new acceptance of beauty and desire that makes it possible to choose life Foundations of Violence enters the ancient world of Homer Sophocles Plato and Aristotle to explore the genealogy of violence in Western thought through its emergence in Greece and Rome It uncovers origins of ideas of death from the beautiful death of Homeric heroes to the gendered misery of war showing the tensions between those who tried to eliminate fear of death by denying its significance and those like Plotinus who looked to another world seeking life and beauty in another realm      **The Goddess in the Mirror** Tulasi Srinivas, 2025-09-26 Tulasi Srinivas explores the
