Hard Choices Challenging The Singapore Consensus:

Hard Choices Donald Low, 2014-04-22 Singapore is changing The consensus that the PAP government has constructed and maintained over five decades is fraying The assumptions that underpin Singaporean exceptionalism are no longer accepted as easily and readily as before Among these are the ideas that the country is uniquely vulnerable that this vulnerability limits its policy and political options that good governance demands a degree of political consensus that ordinary democratic arrangements cannot produce and that the country's success requires a competitive meritocracy accompanied by relatively little income or wealth redistribution But the policy and political conundrums that Singapore faces today are complex and defy easy answers Confronted with a political landscape that is likely to become more contested how should the government respond What reforms should it pursue This collection of essays suggests that a far reaching and radical rethinking of the country's policies and institutions is necessary even if it weakens the very consensus that enabled Singapore to succeed in its first fifty years *Hard Choices* Donald Low, Pingtjin Thum, Linda Lim, Sudhir Thomas Vadaketh, 2013 Governing Global-City Singapore Kenneth Paul Tan, 2016-12-19 This book provides a detailed analysis of how governance in Singapore has evolved since independence to become what it is today and what its prospects might be in a post Lee Kuan Yew future Firstly it discusses the question of political leadership electoral dominance and legislative monopoly in Singapore's one party dominant system and the system's durability Secondly it tracks developments in Singapore's public administration critically analysing the formation and transformation of meritocracy and pragmatism two key components of the state ideology Thirdly it discusses developments within civil society focusing in particular on issues related to patriarchy and feminism hetero normativity and gay activism immigration and migrant worker exploitation and the contest over history and national narratives in academia the media and the arts Fourthly it discusses the PAP government's efforts to connect with the public including its national public engagement exercises that can be interpreted as a subtler approach to social and political control In increasingly complex conditions the state struggles to maintain its hegemony while securing a pre eminent position in the global economic order Tan demonstrates how trends in these four areas converge in ways that signal plausible futures for a post LKY Singapore Regime Resilience In Malaysia And Singapore Greg Lopez, Bridget Welsh, 2022-11-08 Prominent scholars across the political divide and academic disciplines analyse how the dominant political parties in Malaysia and Singapore United Malays National Organisation UMNO and the People's Action Party PAP have stayed in power With a focus on developments in the last decade and the tenures of Prime Ministers Najib Tun Razak and Lee Hsien Loong the authors offer a range of explanations for how these regimes have remained politically resilient **Singapore, Singapura** Nicholas Walton, 2019-02-01 A portrait of the ultimate globalized city its fortune tied firmly to the world economy and vulnerable to the vagaries of global commerce Urban Environments for Healthy Ageing Anna Lane, 2019-05-24 Around the world researchers policy makers and practitioners are working to ensure cities and

PAP v. PAP Cherian George, Donald Low, The 2020 General Election results have raised expectations that Singapore will transition to a more competitive democracy But this is far from preordained Nor is there a clear societal consensus that the city state needs this amid a pandemic and its deepest economic crisis since independence For now the People's Action Party still controls all the levers of power With the opposition still not ready to step up as an alternative government in waiting Lee Kuan Yew's prognosis still applies the PAP's internal dynamics will be the primary determinant of its continued viability PAP v PAP expands on one dimension of this inner struggle between a conservative attachment to what worked in the past and a boldly progressive vision for the future Cherian George and Donald Low argue that a reformed PAP comfortable with political competition and more committed to justice and equality would be good for Singapore and serve the long term interests of the party An adaptive PAP buttressed with stronger

democratic legitimacy would also maintain one of Singapore's most important strengths a strong consensus on the virtues of an expert led elite government Only by strengthening democratic practices and norms can Singapore maintain its edge in a world pulled apart by identity politics populist nationalism and nativism and an erosion of trust in public institutions The anthology draws from the authors many years of commentary on Singapore government and politics and also includes new essays responding to the exceptional events of 2020 Why Not? Thinking About Singapore's Tomorrow Margaret

Ortmann, Mark R. Thompson, 2020-03-24 This book explores to what extent China has drawn lessons from Singapore both in terms of its ruling ideology and through the policy specific learning process In so doing it provides insights into the opportunities but also the challenges of this long term learning process focusing attention to how non democratic regimes deal with modernization The stellar line up of international contributors from China Singapore Europe and the US offer a variety of perspectives on Singapore as a model of authoritarian modernism for China The book discusses how the small Southeast Asian city state became a major reference point for China how mainland observers often misunderstood the nature of Singapore's governance and instrumentalized it to bolster the CCP's legitimacy and why the Singapore model appears to be in decline under Xi Jinping The chapters also analyze policy specific learning processes including bilateral mechanisms of policy exchange the Chinese mayor's class in Singapore and joint industrial projects and lessons in social welfare provision The book will be of interest to academics working on Chinese politics development in China state society and economy in the Asia Pacific international relations in the Asia Pacific and Southeast Asian politics Singapore And Switzerland: Secrets To

Small State Success Yvonne Guo, Jun Jie Woo, 2016-07-22 The cases of Singapore and Switzerland present a fascinating puzzle how have two small states achieved similar levels of success through divergent pathways Are both approaches equally sustainable and what lessons do they hold for each other While Singapore is the archetypal developmental state whose success can be attributed to strong political leadership and long term planning Switzerland's success is a more organic process due to the propitious convergence of strong industries and a resilient citizenry Yet throughout the course of their development both countries have had to deal with the dual challenges of culturally heterogeneous populations and challenging regional contexts Edited by Yvonne Guo and Jun Jie Woo with forewords from Ambassadors Thomas Kupfer and Tommy Koh Singapore and Switzerland Secrets to Small State Success features contributions from distinguished scholars and policymakers who explore the dynamics of two small states which have topped international rankings in a dazzling array

of policy areas from economic competitiveness to education to governance but whose pathways to success could not be more different **The Limits of Authoritarian Governance in Singapore's Developmental State** Lily Zubaidah

Rahim, Michael D. Barr, 2019-02-06 This book delves into the limitations of Singapore's authoritarian governance model. In doing so, the relevance of the Singapore governance model for other industrialising economies is systematically examined. Research in this book examines the challenges for an integrated governance model that has proven durable over four to five decades. The editors argue that established socio-political and economic formulae are now facing unprecedented challenges. Structural pressures associated with Singapore's particular locus within globalised capitalism have fostered heightened social and material inequalities compounded by the ruling party's ideological resistance to substantive redistribution. As growth with equity becomes more elusive, the rationale for power by a ruling party dominated by technocratic elite and state institutions crafted and controlled by the ruling party and its bureaucratic allies is open to more critical scrutiny.

Managing Diversity In Singapore: Policies And Prospects Mathews Mathew, Wai Fong Chiang, 2016-05-11 Singapore society is increasingly becoming diverse. During the first few decades of nation building, policies were designed to homogenise aspects of Singaporean society while enshrining principles to allow restricted amounts of diversity. Fast forward to the present and fifty years after independence, the number of areas where diversity is profoundly apparent remains copious and its manifestations more varied. This book provides an updated account on the tensions posed by diversity in Singapore and how this is being managed primarily by the state through policies and programmes but also by communities who attempt to negotiate these tensions. Such an enquiry is crucial especially at this juncture when the nation is finding ways to embrace the different forms of diversity brought about through external impetuses as well as manage internal reactions from the various communities. The book chapters highlight important considerations if Singapore's diversity management strategies will hold promise for the future.
