*Kindly Flame* Thomas P. Roche, 2015-12-08 Scholars have often felt that Books III and IV of Spenser's Faerie Queene were loosely almost carelessly structured Thomas P Roche Jr seeks to show by a close examination of the text that all four books have a logical structure and that the apparently randomly selected episodes form one complex allegory Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Princeton University Library Chronicle* Lawrence Thompson, 2006 Vol 1 includes section Biblia devoted to the interests of the Friends of the Princeton Library v 11
