Nordic Tractor, The: The History and Heritage of Volvo, Valmet and Valtra Justin Roberts,2017-11-07 The Nordic Tractor traces the history of tractor production in Sweden and Finland The story goes back over 200 years to the 19th century when the industrial revolution was sweeping across Britain and Sweden wanted to establish their own manufacturing powerhouses This was an exciting and fast moving time for engineering and this book traces the ups downs and eventual demise of some of the first manufacturers working to serve the particular needs of the agricultural and forestry industries in this densely forested and mountainous region It then looks in depth at the companies who emerged from this who learnt from their own and others mistakes and built on the widespread technological advances of the time to build up names for themselves in Northern parts of Europe Today Valtra now owned by AGCO stands proudly as the last remaining agricultural tractor maker in Scandinavia but The Nordic Tractor shows where their roots lie in the establishment and history of companies such as Bolinder Munktells Volvo and Valmet who all stood out as being major players in the Nordic region Including over 100 photos many of which have been previously unpublished this book will appeal to those with a specific interest in Nordic tractors Nordic engineering and general Nordic history as well as the general tractor enthusiast Ipswich David

Kindred,2019-10-01 If you walk through Ipswich you become aware of how buildings of all periods jostle each other for space There are remnants of fine medieval and Tudor dwellings terraced streets from the 19th century as well as developments from the 20th and 21st centuries David Kindred s book throws light on how Ipswich has developed since the 1880s when photography outdoors first became practical He has drawn on a wide range of sources including some photographers whose work was outstanding Harry Walters for example was making high quality images in the 1890s Similarly the curator of the Ipswich museum in the 1930s Guy Maynard recorded areas where changes to the town were planned including photographs

of the housing around Cox Lane and the Potteries Amateur photographers have also played their part capturing the questionable changes of the 1960s They have photographed the recent transformation of the dock area from a commercial hub to a mainly residential and leisure scene complete with a new university building The 300 plus photographs chosen and captioned by David Kindred bring to life the past and present of Suffolk s county town the town on the Orwell *Opencast Images* Dave Wootton,2019-10-01 In the United Kingdom surface coal mining began in 1942 in response to a national shortage of deep mined coal By the 1980s when Dave Wootton began touring sites and taking photographs the industry was firmly established with major operations and very large machinery His fully captioned pictures cover the period from 1986 until British Coal Opencast BCO was privatised in 1994 There are panoramic shots showing the scale of operations and fine close ups of individual machines of many kinds at work He includes several walking draglines such as the 4000 ton Ace of Spades the largest of its kind in Europe Another record holder was O K s RH300 hydraulic shovel beautifully photographed by Dave at its Godkin Derbyshire workplace Dave visited some two dozen sites in Derbyshire Northumberland Yorkshire South Wales and elsewhere capturing the full range of surface mining activities The equipment was manufactured by famous names such as Caterpillar Ransomes Rapier and Demag BCO used contractors so Wimpey Taylor Woodrow Fairclough and others are all seen playing their parts The surface mining industry has changed considerably since 1994 meaning that this collection of photographs has great historic interest for enthusiasts The author also includes a short history of BCO some machine specifications and copies of publicity material *Robert Walker Haulage Ltd: The History of the UK's Largest Fork Truck Transport Company* Carl Jarman,2020-08-01 This book tells the story of Robert Walker Haulage Established in 1935 Robert Walker never intended to run a haulage business he initially bought a lorry to carry the produce from his market garden to the local markets He then branched out into other types of transport work including carrying prisoners of war Later his forward thinking sons Brian and Eric saw a niche market in the transport of fork lift trucks and decided to try converting an old R A F trailer into an early fork lift truck carrier Today the company is in the hands of the third and fourth generations of the family and despite its humble beginnings it is now the largest fork truck transporter in the UK The book details the history of the company s success including anecdotes from people that have worked for or with the company over the years It details how Walkers carried Donald Campbell s Bluebird around on his exhibition tour of 1965 after setting his land speed records between 1955 and 1964 and shows how ERF played a major role in the expansion of the fork truck transport business Including 229 previously un printed pictures of the four wheel basic lorries that Robert used in the early days to the latest vehicles operated by this specialist haulier this book will be of interest to truck drivers and other transport enthusiasts **The Farming Joke Book** John Terry,2019-08-01 The Farming Joke Book brings together around 500 jokes amusing stories and anecdotes about farmers farm animals and life on the farm in general So whether one has been farming for donkey s years or is new to it and whether these farming two liners make the reader laugh cry or just groan out loud
