## **Master Practitioner Manual:**

The NLP Master Practitioner Manual Peter Freeth, 2012 Much NLP training today views Master Practitioner level as simply containing bigger more complex techniques than Practitioner level but this is a misconception Being a Master Practitioner isn't about techniques at all it's about letting go of techniques altogether and getting to grips with the very foundation of NLP itself modelling high performers Modelling is the method behind every NLP technique and by understanding how to extract and replicate the mental processes of high performance you will transcend everything that you have learned at Practitioner level The NLP Master Practitioner Manual will show you how to Break down any NLP technique and adapt it effortlessly to any situation even in everyday conversation Extract the innate talents of high performers in any field and replicate those talents Learn how to create coaching and training programs that install high performance models in your learners This NLP Master Practitioner manual is the result of 20 years research and application of NLP by one of its most innovative practical and results oriented trainers and writers Peter Freeth has pioneered many recognised developments in NLP's approach and techniques that are now used by countless trainers and professionals worldwide Restoration Theatre, 1965
