A Box of Magick Jamie Della, 2023-09-26 Discover the Magick that lives within you. A Box of Magick will connect you with herbalism, rituals and spells through the guidance of two priestesses, one from beyond the veil. A Box of Magick is a call to adventure, an invitation to awaken and activate the deepest part of your most mystical, powerful self. Traditionally, Magick has been taught with close, one-on-one guidance that is rarely available to practitioners of all levels today. This book invites us to practice with two magickal guides: author Jamie Della and her Elder Wiccan High Priestess and mentor Connie DeMasters. Fifteen years after Connie's passing, Jamie received a literal box of Magick on her doorstep: 23 pounds of Connie's rituals, hymns, spells, charts, astrology and more. Through this unexpected gift, Connie is still teaching Jamie, and now they are both teaching us. With the warmth of female mentorship, A Box of Magick offers a path of personal growth and empowerment and shares inspiration to recognize the magickal lessons, universal messages and helpful signs that exist all around us, from cycles of the sun, moon and planets to herbs. Rituals that help us face and integrate the shadow self, develop abiding self-love and stand with a sword of personal truth held ready. Lessons in how to foster a relationship with crystals, herbs, living creatures and elemental spirits as well as our own stories and write your own spells. Storytelling and parables that teach discernment as we connect magickal insights with our own experiences. As Jamie shares, this guide offers a mentor to help you live the craft of the wise and deepen your ability to manifest, intuit and connect with the language of our alive world and its limitless possibilities. A Box of Magick shares seeds of magickal wisdom and shows us how to turn them into a blossoming, evolving magickal life, spiced with the essence of our own unique spirit.

El Narco Ioan Grillo, 2012-01-16 War is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count: 23,000 dead in five years and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward towards the United States. El Narco is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government, and their violence has now reached as far as North Carolina. El Narco is required reading for anyone concerned about one of the most important news stories of the decade.

How Whole Brain Thinking Can Save the Future James Olson, 2017-01-10 When facing a tough dilemma the wise person tackles the whole problem They don't just focus on one part and ignore the rest That's a matter of common sense but such holistic thinking rarely occurs in our most consequential organizations Although women are catching up in the corridors of power most people in charge today are highly specialized males whose perception is too often myopic For example while they may focus well on the immediate symptoms of a problem they often miss deeper causes wider effects and longer term consequences Such people some of whom are also women are left brain dominant thinkers who tend to miss the forest for the trees Sadly these left brain dominants fail to use all the mental faculties available to them in particular the holistic and intuitive perceptions provided by their right brain And this is why our future is now in great peril In this multiple award winning book James Olson carefully explores these issues and shows us how to minimize conflict by gaining creative control over our two modes of perception He goes on to describe the left brain bias in our civilization revealing it to be the root cause for centuries of war racism sexism exploitation and hyper polarization Left brain dominance also explains eons of misunderstanding between the sexes and our inability to understand LGBTQ variants of which there are as many as 32 fluid variations as Olson shows While most of our technological and scientific progress is driven by left brain thinking the great advances to come especially in ethics politics the arts and religion will require that we consciously harness both sides of our brain to greatly improve our thinking so we can more often reach agreement Independent scholar Olson concludes by
