Film Noir Mark Bould,2005 Film Noir explores the murky world of a genre responsible for many of film s most enduring images Mark Bould discusses problems of definition and the often ambiguous nature of film noir and looks at contemporary neo noir films Iconic and enduring film noir attracted great stars Bogart Bacall Mitchum Lancaster many of the best directors of the postwar period Wilder Lang Preminger Hawks Siodmak Welles and in considering the history and continuing importance of noir from Weimar Cinema to Sin City this book is an indispensable guide to this still popular genre

Action Movies Harvey O'Brien,2012-11-20 Action Movies The Cinema of Striking Back is a study of action cinema exploring the ethics and aesthetics of the genre with reference to its relatively short history It moves from seminal classics like Bullitt 1968 and Dirty Harry 1971 through epoch defining films like Rambo First Blood Part II 1985 and Die Hard 1988 to revisions reboots and renewals in films like Kill Bill Vol 1 2003 Taken 2008 and The Expendables 2010 The action genre is a fusion of form and content a cinema of action about action It is a cinema of the will configured as a decisive reaction to untenable circumstances Action heroes take up arms against the sea of troubles that beset them safe in the knowledge that if they don t do it nobody will Though this makes the action movie profoundly disturbing as an embodiment of moral ideology its enduring appeal proves the appetite for assurance remains undiminished even in the wake of 9 11

Film Theory Felicity Colman,2014-06-14 Film Theory addresses the core concepts and arguments created or used by academics critical film theorists and filmmakers including the work of Dudley Andrew Raymond Bellour Mary Ann Doane Miriam Hansen bell hooks Siegfried Kracauer Raul Ruiz P Adams Sitney Bernard Stiegler and Pier Paolo Pasolini This volume takes the position that film theory is a form of writing that produces a unique cinematic grammar and like all grammars it forms part of the system of rules that govern a language and is thus applicable to wider range of media forms In their creation of authorial trends identification of the technology of cinema as a creative force and production of films as aesthetic markers film theories contribute an epistemological resource that connects the technologies of filmmaking and film composition This book explores these connections through film theorisations of processes of the

Heritage Film Belén Vidal, 2012 *The British heritage film nation and representation* Production cycles and cultural significance a European heritage film Narrative aesthetics and gendered histories renewing the heritage film Afterword tradition and change

The Road Movie Neil Archer, 2016-01-12 Though often seen as one of America's native cinematic genres the road movie has lent itself to diverse international contexts and inspired a host of filmmakers As analyzed in this study from its most familiar origins in Hollywood the road movie has become a global film practice whether as a vehicle for exploring the relationship between various national contexts and American cinema as a means of narrating different national and continental histories or as a form of individual filmmaking expression Beginning with key films from Depression era Hollywood and the New Hollywood of the late 1960s and then considering its wider effect on world cinemas this volume maps the development and adaptability of an enduring genre studying iconic films along the way

The Gangster Film Ron Wilson, 2014-12-16 This volume examines the gangster film in its historical context with an emphasis on the ways the image of the gangster has adapted and changed as a result of socio cultural circumstances From its origins in Progressive era reforms to its use as an indictment of corporate greed the gangster film has often provided a template for critiquing American ideas and values concerning individualism success and business acumen The gangster genre has also been useful in critically examining race and ethnicity in American culture in terms of otherness Films studied include *Musketeers of Pig Alley* 1912 *The Racket* 1928 *The Captive City* 1952 *The Godfather Part Two* 1974 *Goodfellas* 1990 and *Killing Them Softly* 2012

Avant-Garde Film Michael O'Pray, 2003-09-17 *Avant Garde Film Forms Themes and Passions* examines the variety of concerns and practices that have comprised the long history of avant garde film at a level appropriate for undergraduate study It covers the developments of experimental film making since the modernist explosion in the 1920s in Europe through to the Soviet film experiments the American Underground cinema and the French New Wave structuralism and contemporary gallery work of the young British artists Through in depth case studies the book introduces students not only

Prison Movies Kevin Kehrwald,2017-02-14 Prison Movies Cinema Behind Bars traces the public fascination with incarceration from the silent era to the present Often considered an offshoot of the gangster film the prison film precedes the gangster film and is in many ways its opposite Rather than focusing on tragic figures heading for a fall the prison film focuses on fallen characters seeking redemption The gangster s perverse pursuit of the American dream is irrelevant to the prisoner for whom that dream has already failed At their core prison films are about self preservation at the hands of oppressive authority Like history itself prison films display long stretches of idleness punctuated by eruptions of violence dangerous moments that signify liberation and the potential for change The enclosed world of the prison is a highly effective microcosm one that forces characters and audiences alike to confront vexing issues of race class gender and sexuality These portrayals of men and women behind bars have thrived because they deal with such fundamental human themes as freedom individuality power justice and mercy Films examined include The Big House 1930 I Want to Live 1958 The Defiant Ones 1958 Cool Hand Luke 1967 Midnight Express 1978 Escape from Alcatraz 1979 The Shawshank Redemption 1994 and Starred Up 2013

Bio-pics Ellen Cheshire,2014-12-16 Bio pics A Life in Pictures offers a series of case studies which throw light on this most unique of genres Is the bio pic a genre in its own right Or are such films merely footnotes in other more traditional genres such as the western or costume drama depending on the historical figure under scrutiny Unlike other genre forms bio pics seemingly share no familiar iconography codes or conventions They can be set anywhere and at any time What links them is quite simply that the films depict the life of an important person Through a carefully selected range of thematically linked English language bio pics released since 1990 this book explores key issues surrounding their resurgence narrative structure production subject representation or misrepresentation and critical response The films under discussion are grouped around a profession writers singers politicians sportsmen criminals artists allowing for comparisons to be drawn in approaches to similar subject matter

Queer Cinema Barbara Mennel,2012-10-23 Queer Cinema Schoolgirls Vampires and Gay Cowboys illustrates queer cinematic aesthetics by highlighting key films that emerged at historical turning points throughout the twentieth century Barbara Mennel traces the representation of gays and lesbians from the sexual liberation movements of the roaring 1920s in Berlin to the Stonewall Rebellion in New York City and the emergence of queer activism and film in the early 1990s She explains early tropes of queerness such as the boarding school or the vampire and describes the development of camp from 1950s Hollywood to underground art of the late 1960s in New York City Mennel concludes with an exploration of the contemporary mainstreaming of gay and lesbian films and global queer cinema Queer Cinema Schoolgirls Vampires and Gay Cowboys not only offers an introduction to a gay and lesbian film history but also contributes to an academic discussion about queer subversion of mainstream film
