powerful new administrative tools The authors spell out detailed best practices for every facet of system administration including storage management network design and administration web hosting software configuration management performance analysis Windows interoperability and much more Sysadmins will especially appreciate the thorough and up to date discussions of such difficult topics such as DNS LDAP security and the management of IT service organizations Linux Administration Handbook Second Edition reflects the current versions of these leading distributions Red Hat Enterprise Linux Fedora™ Core SUSE Linux Enterprise Debian GNU Linux Ubuntu Linux Sharing their war stories and hard won insights the authors capture the behavior of Linux systems in the real world not just in ideal environments They explain complex tasks in detail and illustrate these tasks with examples drawn from their extensive hands on experience [Guide](#) American Anthropological Association,2008 *Proceedings of the ... Large Installation Systems Administration Conference (LISA)*. ,1991 [Cruising World](#) ,1991-09 [Handbook of Global Leadership and Followership](#) Joan F. Marques,June Schmieder-Ramirez,Petros G. Malakyan,2023-03-29 This handbook integrates the best leadership and followership theories and practices between the Global North West countries of Western individualistic cultures in Europe North America Australia and Oceania and the Global South East countries of Eastern collectivistic cultures in Asia Africa South America and South East Asian and Oceania There is a need to bring the Global North West and the Global South East together to address global challenges such as the climate change global hunger and poverty domestic and international terrorism social justice gender inequality and domestic and global abuse of human and natural resources This innovative volume proposes that the democratic leadership of the Global North West and the human centered followership of the Global South East can transform the world if leadership and followership values education and practices are integrated It utilizes findings from positive psychology social psychology organizational behavior and world religions and contemplative wisdom traditions to highlight the case for global leadership and followership **Conservation Directory** ,2005 *The Question of Peace in Modern Political Thought* Toivo Koivukoski,David Edward Tabachnick,2015-04-08 The essays in The Question of Peace in Modern Political Thought address the contribution that political theories of modern political philosophers have made to our understandings of peace The discipline of peace research has reached a critical impasse where the ideas of both realist peace and democratic peace are challenged by contemporary world events Can we stand by while dictators violate the human rights of citizens Can we impose a democratic peace through the projection of war By looking back at the great works of political philosophy this collection hopes to revive peace as an active question for political philosophy while making an original contribution to contemporary peace research and international relations [Human Rights in Canada](#) Dominique Clément,2016-03-31 This book shows how human rights became the primary language for social change in Canada and how a single decade became the locus for that emergence The author argues that the 1970s was a critical moment in human rights history one that transformed political culture social movements law and foreign policy Human Rights in Canada is one of the

first sociological studies of human rights in Canada It explains that human rights are a distinct social practice and it documents those social conditions that made human rights significant at a particular historical moment A central theme in this book is that human rights derive from society rather than abstract legal principles Therefore we can identify the boundaries and limits of Canada's rights culture at different moments in our history Until the 1970s Canadians framed their grievances with reference to Christianity or British justice rather than human rights A historical sociological approach to human rights reveals how rights are historically contingent and how new rights claims are built upon past claims This book explores governments tendency to suppress rights in periods of perceived emergency how Canada's rights culture was shaped by state formation how social movements have advanced new rights claims the changing discourse of rights in debates surrounding the constitution how the international human rights movement shaped domestic politics and foreign policy and much more In addition to drawing on secondary literature in law history sociology and political science this study looked to published government documents litigation and case law archival research newspapers opinion polls and materials produced by non governmental organizations
