Goodbye Mom George Staursky, 2004-11 This book is not a biography about a man but rather it is about a Journey This is a Journey through life with this illness Bipolar Disorder and all the dynamics that go along with it This book shows how a man faced the consequences of this disease and all its pain bigotry and anguish but this journey also shows how he defeated the disease This is a book of his Journey through trauma tragedy and recovery This book is a riveting account of that journey It includes others who have suffered the indignities of this illness It brings to life an account of a story that could be written by many different people over time Destroying a life to save the same life could be construed by many as an oxymoron

However in this case it fits the scenario perfectly As in the story of Dr Jekyll and Mr Hyde there had to be destruction of one's inner self to save everyone from the inner demons plaguing Dr Jekyll

South of Charleston the Journey Charles McPherson, 2009-07-14 South of Charleston The Journey examined some of the residual effects which continue to define how black Americans are looked at and how they try to integrate their views of society the way they live life in a world which has rejected them at times because of their skin color This is a look at one man's journey and how his story is a small part of the bigger picture that is seldom written about or heard of The story is about common lives that are not so common to those who live it The hope is that my story will open the minds of its readers and bring them closer to some of the daily reality of people of color
