Dvoretsky's Endgame Manual: Sixth Edition Mark Dvoretsky,Alex Fishbein,2020-01-01 The Sixth Edition of a Modern Masterpiece When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised sixth edition 504 pages is better than ever German grandmaster Karsten M ller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the sixth edition with the help of American grandmaster Alex Fishbein Here is what Magnus Carlsen the 16th World Champion had to say in his foreword to the sixth edition This book occupies a very special place in chess literature Dvoretsky s Endgame Manual will fill you with the joy and knowledge that will surely improve both your endgame skills and your understanding of our royal game Here is what Vladimir Kramnik the 14th World Champion had to say in his foreword to the fifth edition I consider it to be one of the very best chess books published in recent times Dvoretsky s analysis is staggering in its depth and accuracy John Watson in his review of the first edition in The Week In Chess Dvoretsky s Endgame Manual comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his review of the first edition in his Washington Post column

Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky,2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky s Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here s what they had to say about the First Edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post
