Trophies, 2007 **Research in Education**, 1973-12 Improving Student Learning One Teacher at a Time Jane E.
 Pollock, 2007-04-15 The most important factor affecting student learning isn't standards, textbooks, or testing; it's teachers.
 And when it comes to improving learning, research has shown teachers what works. But the real challenge comes when it's
 time to do what works and do it well. In this book, Jane E. Pollock explains how making the right adjustments in four critical
 areas of practice—curriculum, instruction, assessment, and feedback—can help any teacher improve student learning
 significantly. Here you'll find out how to: Create a classroom curriculum document that's truly useful and incorporates robust
 concepts, generalizations, and procedures; Plan instruction that's focused on helping students become master learners who
 can apply information and skills, not just do schoolwork; Design varied classroom assessments that yield evidence of mastery
 and pinpoint where further instruction is required; Use criterion-based feedback to improve individual student achievement
 and refine instruction. Along with step-by-step procedures, practical guidelines, and specific models, this book features the
 voices of individual teachers who share their experience using the author's Big Four approach. Like them, you may find it's the
 missing link you need to transform your pedagogy and achieve unprecedented levels of both student success and professional
 satisfaction. **Critical Essays in Music Education** Marvelene C. Moore, 2017-07-05 This volume of essays references
 traditional and contemporary thought on theory and practice in music education for all age groups, from the very young to the
 elderly. The material spans a broad range of subject areas, from history and philosophy to art and music, and addresses issues
 such as curriculum, pedagogy, assessment, and evaluation, as well as current issues in technology and performance standards.
 Written by leading researchers and educators from diverse countries and cultures, this selection of previously published
 articles, research studies, and book chapters is representative of the most frequently discussed and debated topics in the
 profession. This volume, which documents the importance of lifelong learning, is an indispensable reference work for
 specialists in the field of music education.
