Its Your Ship By Captain D Michael Abrashoff:

It's Your Ship Captain D. Michael Abrashoff, 2007-10-15 The legendary New York Times bestselling tale of top down change for anyone trying to navigate today's uncertain business seas When Captain Abrashoff took over as commander of USS Benfold it was like a business that had all the latest technology but only some of the productivity Knowing that responsibility for improving performance rested with him he realized he had to improve his own leadership skills before he could improve his ship Within months he created a crew of confident and inspired problem solvers eager to take the initiative and responsibility for their actions The slogan on board became It's your ship and Benfold was soon recognized far and wide as a model of naval efficiency How did Abrashoff do it Against the backdrop of today's United States Navy Abrashoff shares his secrets of successful management including See the ship through the eyes of the crew By soliciting a sailor's suggestions Abrashoff drastically reduced tedious chores that provided little additional value Communicate communicate communicate The more Abrashoff communicated the plan the better the crew's performance His crew eventually started calling him Megaphone Mike since they heard from him so often Create discipline by focusing on purpose Discipline skyrocketed when Abrashoff's crew believed that what they were doing was important Listen aggressively After learning that many sailors wanted to use the GI Bill Abrashoff brought a test official aboard the ship and held the SATs forty miles off the Iraqi coast From achieving amazing cost savings to winning the highest gunnery score in the Pacific Fleet Captain Abrashoff's extraordinary campaign sent shock waves through the U S Navy It can help you change the course of your ship no matter where your business battles are fought

It's Our Ship D. Michael Abrashoff, 2024-09-24 The legendary navy captain and New York Times bestselling author of It's Your Ship returns with winning leadership advice for the business world The story of Captain Abrashoff and his transformative command of USS Benfold has become a fable of smart leadership inside and outside the Navy Abrashoff turned his ship into a model of naval efficiency with amazing cost savings the highest gunnery score in the Pacific Fleet and a highly motivated and top performing crew In It's Your Ship he first demonstrated how to bring his successful management techniques from the ship to the boardroom Now Abrashoff shares the leadership motivational and management insights and tips that he has learned from his last six years of addressing business and corporate audiences Abrashoff's timely advice is wise actionable and features anecdotes and insights from leaders of businesses both large and small from public and non profit sectors

Changing a Troubled Ship's Course D. Michael Abrashoff, 2010-02-01 Figure out what's wrong enlist your people in the cause of fixing it persuade them to take ownership and never declare victory That's the advice of D Michael Abrashoff author of The New York Times and The Wall Street Journal bestseller It's Your Ship on how to turn around any organization The Atlanta Falcons hit rock bottom the day a tornado ripped off half of its stadium's roof By then their charismatic quarterback Michael Vick was in prison for leading a dog fighting ring Their coach Bobby Petrino had defected in mid season to college football They'd won only four games in

2007 losing 12 They weren't just defeated they were demoralized beaten losers It was up to their owner Arthur Blank cofounder of Home Depot to turn this sorry situation around And in one of the deftest performances I've ever heard of he did By the end of 2008 the Falcons had gone to the playoffs with an 11-5 record Their new coach Mike Smith was NFL Coach of the Year Their quarterback Matt Ryan was NFL AP Offensive Rookie of the Year This is the season of miracles Blank said But the miracles all traced to the careful moves he'd made

Get Results, Not Salutes D. Michael Abrashoff, 2010-02-01 Give people power to do their job and clear the decks of anything that keeps them from doing it and leave your ego on shore That's the advice of D. Michael Abrashoff author of The New York Times and The Wall Street Journal bestseller It's Your Ship Our ship USS Benfold was serving in the Persian Gulf in the 1997 Iraq crisis and the entire U.S. fleet there was snagged in a giant communications snafu At any moment some 7,000 messages could go astray or just stop moving Ironically Benfold and many other ships were equipped with a new satellite system for launching Tomahawk missiles But most radio operators hadn't been trained to use it for anything besides launching missiles Not so John Rafalko who pored over its manuals and told me it could solve all our communications problems I reported this to the admiral's chief of staff for communications who rejected the idea With the fleet verging on chaos I went over his head and told the admiral who erupted chewed out his subordinate and ordered him to adopt Rafalko's plan immediately We flew John all over the Gulf to train other operators and suddenly the whole fleet was communicating seamlessly This radioman saved the Navy's bacon My only role was to listen and back him up

What I Learned at the Naval Academy D. Michael Abrashoff, 2010-02-01 The more insecure you feel the more frightening situations become That's because most people resist making matters worse Suppose you do the opposite Accept fear treat it like a passing shower and focus on things you control Your demons vanish These and other tonics for hard times come from Mike Abrashoff who discovered joyfulness as a plebe at Annapolis It may sound unfeeling but I notice that hard times aren't all bad They force people with or without jobs to stay calm overcome reverses make the best of whatever happens They're often the most fertile times for growing what every business needs proven leaders Right now companies everywhere are stretching their people to work harder and do more with less In this Darwinian situation the winners are those who accept being stretched but on terms favorable to themselves That doesn't mean the winners are all me-firsters In a healthy organization the most valued stretchers are those who benefit the whole enterprise not just themselves They're the next leaders in waiting

How to Get Your Crew to Take the Wheel D. Michael Abrashoff, 2010-02-01 How do you get people to take initiative The New York Times and The Wall Street Journal bestselling author Captain D. Michael Abrashoff says the answer is One build their confidence by giving them an unexpected opportunity to shine Two encourage challenges to established wisdom and authority Three keep increasing expectations

Get Your Ship Together D. Michael Abrashoff, 2005 The bestselling author of It's Your Ship shares the team building wisdom of some of the smartest leaders readers have never heard of

Listen Up! D. Michael Abrashoff, 2010-02-01 Leading without listening is like walking in the dark You need to

know what your crew customers and suppliers think so listen hard and pounce on every good idea you hear That said it s not as easy as you think A leader who hasn t learned to listen is working under a huge handicap It may be possible to lead without listening Douglas MacArthur style but that approach is twice as hard half as fast and prone to disaster Even as I rose through the ranks of the Navy I found that listening didn t always come naturally to me Often I merely pretended to hear people How many times had I barely glanced up from my work when a sailor or officer came up to the bridge or into my cabin I wasn t paying attention I was marking time until I could give orders When I took command of Benfold I was determined to do things differently and I had to move fast In two months we would deploy to the Middle East and we weren t ready
