**Tara Beth Leach**

## **Guided Reading Activity 19 2 Reaction And Revolution:**

World History: Connections to Today Elisabeth Gaynor Ellis, Pearson/Prentice Hall, 2003-12      *Russia's Revolution from Above, 1985-2000* Gordon Hahn, 2018-04-27 The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars      The GREAT Morning Revolution Bible Study Guide plus Streaming Video Tara Beth Leach, 2025-10-14 A 6 session video Bible study on exactly how to revolutionize your morning spiritual routine What if your mornings could become more than just habit but an intentional way of prayerfully centering your day on God On a typical morning do you hit snooze a few times or are you up before the alarm goes off Perhaps not much happens until you ve had your first cup of coffee And if you have little ones well quiet time might not even be part of the equation Join Tara Beth Leach for The GREAT Morning Revolution a Bible study designed to help you change your whole day by changing the rhythm of your morning no matter your circumstances You ll learn how the acronym GREAT Gratitude Reflect Exalt Ask and Trust can reframe your mindset and guide you into the joy that comes each morning through God s presence Whether you have ten minutes or a whole hour in your morning God is already there waiting Not with judgment but with joy He delights in your sleepy eyes your bedhead your groggy prayers He s not asking for perfection He s simply asking for you This study guide has everything you need for a full Bible study experience including The study guide itself with discussion and personal reflection questions video notes and Scripture exercises An individual access code to stream all six

**Literary Culture and U.S. Imperialism** John Carlos Rowe, 2000 John Carlos Rowe considered one of the most eminent and progressive critics of American literature has in recent years become instrumental in shaping the path of American studies His latest book examines literary responses to U.S. imperialism from the late eighteenth century to the 1940s Interpreting texts by Charles Brockden Brown Poe Melville John Rollin Ridge Twain Henry Adams Stephen Crane W.E.B. Du Bois John Neihardt Nick Black Elk and Zora Neale Hurston Rowe argues that U.S. literature has a long tradition of responding critically or contributing to our imperialist ventures Following in the critical footsteps of Richard Slotkin and Edward Said *Literary Culture and U.S. Imperialism* is particularly innovative in taking account of the public and cultural response to imperialism In this sense it could not be more relevant to what is happening in the scholarship and should be vital reading for scholars and students of American literature and culture

*Comparative Constitutional Studies* Günter Frankenberg, 2018-03-30 *Comparative Constitutional Studies* takes a rich area of research and teaching and makes it attractive for the classroom setting and beyond Every constitution has an interesting story to tell and for this book Günter Frankenberg has selected vibrant examples that encourage readers to practice realism demonstrate critical spirit and examine the dark side of framers reports and normative theories
