Heath,2019-11-28 The modern West has made the focus on individuality individual freedom and self identity central to its self definition and these concepts have been crucially shaped by Christianity This book surveys how the birth of the Christian worldview affected the evolution of individualism in Western culture as a cultural meme Applying a biological metaphor and Richard Dawkins definition of a

meme this work argues the advent of individualism was not a sudden innovation of the Renaissance or the Enlightenment but a long evolution with characteristic traits This evolution can be mapped using profiles of individuals in different historical eras who contributed to the modern notion of individualism Utilizing excerpts from original works from Augustine to Nietzsche a compelling narrative arises from the slow but steady evolution of the modern self The central argument is that Christianity with its characteristic inwardness was fundamental in the development of a sense of self as it affirmed the importance of the everyday man and everyday life **Chaucer and the Subversion of Form** Thomas A.

Chiasmus and Culture Boris Wiseman, Anthony Paul, 2014-03-01 Anyone who has heard of chiasmus is likely to think of it as no more than a piece of rhetorical playfulness at times challenging though useful for supplying a memorable sententious note or for performing a pirouette of syntax and thought Going beyond traditional rhetoric this volume is concerned with the possibility of using the figure of chiasmus to model a broad array of phenomena from human relations to artistic creation In the process it provides the first book length study not of chiasmus the rhetorical figure but of chiastic thought The contributors are concerned with chiastic inversion and its place in social interactions cultural creation and more generally human thought and experience They explore from a variety of angles what the unsettling logic of chiasmus from the Greek meaning cross wise has to tell us about the world human relations cultural patterns psychology and artistic and poetic creation
