Ratliff, 2020-10-12 What happens when Christians reconsider political engagement Among leading Christian thinkers political engagement is either unavoidably necessary or theologically impossible Is this a false dilemma Between Faith and Power examines how Christian groups are grappling with the demands of a pluralistic public square while remaining faithful to their tradition Using the lenses of social science research and theological analysis the book examines the successes and failures of these groups as they engage the public square What emerges are models of Dynamic Engagement that Christian leaders are using to consistently pursue religious liberty across faiths while contributing to the common good **The Cross in the Shadow of the Crescent** Erwin W. Lutzer, 2013-02-01 Islam is on the rise all over the West including America In this compelling new book bestselling author Erwin Lutzer urges Christians to see this as both an opportunity to share the gospel and a reason for concern We have now reached a tipping point the spread of Islam is rapidly altering the way we live These changes are cause for alarm for they endanger our freedoms of speech and religion At the same time this opens an incredible door of ministry for Christians for Muslims normally do not have access to the gospel in their own lands In The Cross in the Shadow of the Crescent readers will discover helpful answers to these questions and more How does Islam's growing influence affect me personally In what ways are our freedoms of speech and religion in danger How can I extend Christ's love to Muslims around me A sensitive
