aware of how buildings of all periods jostle each other for space There are remnants of fine medieval and Tudor dwellings terraced streets from the 19th century as well as developments from the 20th and 21st centuries David Kindred s book throws light on how Ipswich has developed since the 1880s when photography outdoors first became practical He has drawn on a wide range of sources including some photographers whose work was outstanding Harry Walters for example was making high quality images in the 1890s Similarly the curator of the Ipswich museum in the 1930s Guy Maynard recorded areas where changes to the town were planned including photographs of the housing around Cox Lane and the Potteries

Amateur photographers have also played their part capturing the questionable changes of the 1960s They have photographed the recent transformation of the dock area from a commercial hub to a mainly residential and leisure scene complete with a new university building The 300 plus photographs chosen and captioned by David Kindred bring to life the past and present of Suffolk s county town the town on the Orwell Juggernaut Drivers Leslie Purdon,2006-11-01 Leslie Purdon lives and breathes trucking Truck and Driver It s the 1970s Trucker Dennis Richardson Rich revels in the laughs and camaraderie of his life on the road He sets up a transport company North Kent with two pals Benny is the one with the short fuse Rich tries to calm him down when he s not winding him up The irrepressible Chuckles has his own way of dealing with tachographs and then there s the indispensable Jean the rock on which they rest The determined team go through humorous and sometimes extreme exploits as they strive to stay afloat They run legal when they can and cut corners when necessary gambling on the new Scandinavian trucks that are changing the industry They are cheated out of their earnings but still come up smiling Cows and Catastrophes Brindley Hosken,2016-10-05 Cows and Catastrophes includes tales of author Brindley Hosken s 40 years of farming on the beautiful Lizard Peninsula in Cornwall where he has lived and worked for all his life After 35 years of dairy farming and in an increasingly challenging market Brin made the difficult decision to sell his cows in 2010 and now contract rears dairy heifers Some of the stories told are factual some take a situation turn it upside down and approach it from a completely different angle and others ask important questions such as What if I m a Celebrity was set on a farm and What if a tractor could write a letter to a car Most are humorous some are sad but they are all thought provoking Including 32 specially commissioned illustrations by Rory Walker this book will bring a wry smile to the faces of other farmers who will recognise situations that they too have been in It will also give readers who are not involved in farming an idea about what happens down farm lanes and in the patchwork of fields that they pass on their way to work each day and to help them appreciate the tough job that farmers today face Know Your Bees Jack Byard,2016-01-08 Bees play an essential role in the pollination of crops but they face an increasing number of threats This book provides information about 32 bee species including their size habitat location nesting and eating habits plus other interesting facts A photograph of each species allows easy identification of these beautiful and important insects Jack Byard is a former mechanic jewellery craftsman and school technician He is retired and now lives in Bradford This is his 13th book in the popular Know Your series which also includes Know Your Sheep Know Your Cattle and Know Your Pigs Lorries of Arabia: The ERF NGC Robert Hackford,2015-03-25 This book is a tribute to ERF s world class long hauler especially the Middle East examples and to those who drove them What did the ERF NGCs look like How well did they perform Where did they venture What were they like to drive and to live in And where did they stand in ERF s contribution to Britain s place in the history of the TIR trail Left hand drive ERFs were perhaps one of the more beguiling elements in the exotic pageantry of 1970s Middle East trucking and this particular model earned a reputation for excellent performance in the mountains a theme that runs throughout this book The

vision of these magnificent machines hauling articulated road trains over the Saudi mountains in Trans Arabia livery is a treat
