More boxes in each chapter I am most impressed by this book's blend of comprehensive scope with approachable intelligent presentation. It provides material valuable for both students new to the field and those taking more advanced courses without excluding either group on the basis of approach or diction. I just love this book. Sarah Hope Parmeter, University of California Santa Cruz. This text will give me a way to teach LGBT issues as central that is NOT as tangents as add-ons as side issues but as a central area of inquiry. This text is by far the best thing I have seen and it is heads and shoulders above any other possibilities. Mary Armstrong, California Polytechnic State University San Luis Obispo. Intended Audience: This core text is designed for Introduction to Sexuality Studies as well as other undergraduate courses that include LGBT topics. Anyone interested in the history, culture, and society of LGBT will find this book an informative resource. The Lyric, Nancy B. Mann, PhD, 2012-02. This book is a collection of stories about my life with my best friend Patricia Patti Moede. As you read, I hope you come to learn or appreciate more deeply what a wonderfully unique person and rare friend Patti was and continues to be. For those of you who were lucky enough to know her, I hope these stories bring you closer to her and make you even more grateful for knowing her. For those of you not privileged to have known Patti, I hope you come to learn two things. First, that there is a fine line between friendship and kinship and when those two worlds merge, something magical happens. Second, we are all capable of giving more, doing more, and being our best selves by unconditionally loving the life we were given. The Advocate, 2002-12-24.
