### **Critical Thinking for Helping Professionals**

Eileen Gambrill, Leonard Gibbs, 2017-04-25 Critical thinking values skills and knowledge are integral to evidence based practice in the helping professions Inflated claims of knowledge both in the media as well as in the peer reviewed literature show critical thinking to be ever more important to decrease the influence of marketing in the guise of scholarship Practitioners must be able and willing to think critically about decisions that affect clients lives This requires minimizing the influence of cognitive and affective biases such as hindsight bias and avoiding misleading framing of problems that may harm clients but contribute to the profit of involved industries e g ignoring environmental sources of distress and focusing on client characteristics This book continues to focus on engaging students as active participants in exercises designed to hone their critical thinking skills drawing on related research and theory in a variety of related areas including judgement and decision making Exercises are included to help students enhance their skills in the process of evidence based practice including posing clear relevant questions and locating and critically appraising related research This fourth edition of Critical Thinking for Helping Professionals is for students of helping professions including social work nursing counseling and psychology Decision making skills guided by an ethical compass are vital in all helping professions

### **Propaganda in the Helping Professions**

Eileen Gambrill, 2012-02-20 Propaganda in the helping professions has grown by leaps and bounds in recent decades with alarming implications for clients and their families as well as the professionals who try to help them There is a fog that has been generated by corporate interests and organizations attempting to sell their services and products to desperate or poorly educated consumers Propaganda in the Helping Professions is a guide to lifting the confusion From phrenology to institutional crib beds for adult psychiatric patients from Roman bird beak masks to drugs designed to combat overurination readers are taken on a tour across the centuries of egregious practices of professionals and quacks including the present day medicalization of our lives The author one of the field s most relentless critics of fads phonies and fallacies shows readers how to think critically about both research and advertising in order to deliver effective services to clients and not be bamboozled by bogus claims about alleged problems risks and remedies Incisive interesting eminently readable and passionately argued this book places responsibility for client well being both on consumers to raise questions and on the

professionals who claim to help them to accurately answer them

**Voices of Supporters** Veronika Koller, Natalia Borza, Massimiliano Demata, Laura Filardo-Llamas, Anna W. Gustafsson, Susanne Kopf, Marlene Miglbauer, Valeria Reggi, Ljiljana Šarić, Charlotta Seiler Brylla, Maria Stopfner, 2023-09-15 This book addresses an under researched area within populism studies the discourse of supporters of populist parties Taking the 2019 European elections as their case study the authors analyse how supporters in eleven different countries construct identities and voting motivations on social media The individual chapters comprise a range of methods to investigate data from different social media platforms defining populism as a political strategy and or practice realised in discourse that is based on a dichotomy between the people who are unified by their will and an out group whose actions are not in the interest of the people with a leader safeguarding the interests of the people against the out group The book identifies what motivates people to vote for populist parties what role national identities and values play in those motivations and how the social media postings of populist parties are recontextualised in supporters comments to serve as a voting motivation

The Pragmatics of Cogent Argumentation in British and American Political Debates Waleed Ridha Hammoodi Al-Juwaid, 2019-03-05 Since the time of Aristotle various approaches have been offered to tackle what makes language stronger Some approaches have focused on rhetoric while others have given attention to logic Still others have concentrated on dialectics This book takes into account a full fledged comprehensive model of analysis that brings these three perspectives together Throughout it investigates the presence of pragmatic criteria and the utilization of pragmatic strategies that make language stronger in the context of argumentation Cogent argumentation is a pragmatic communicative interactional process that goes through stages and is regarded as a communicative exchange of arguments The cogency of these arguments is attained according to the availability of pragmatic criteria and the utilization of pragmatic strategies and determined throughout the whole process of argumentation The book will be of interest to anyone interested in the fields of pragmatics communication and politics and will widen their understanding of the pragmatic structure and criteria which constitute cogent argumentation

**Multilingual Encounters in Europe's Institutional Spaces** Johann W. Unger, Michal Krzyzanowski, Ruth Wodak, 2014-02-27 Multilingual encounters have been commonplace in many types of institutions and have become an essential part of supranational institutions such as the EU since their inception This volume explores and discusses different ways of researching the discursive dimension of these encounters and critically examines their relevance to policy politics and society as a whole This includes institutions at the local regional and supranational level Multilingualism in institutions is currently often seen as an obstacle rather than an opportunity at least with respect to European public and private spheres The volume asks exactly how is multilingualism conceptualized and talked about in different institutions how do different institutions deal with multilingualism both internally and externally what are the policy making rules and challenges for the future for various institutions with respect to multilingualism

**Accounts, Excuses, and Apologies, Third Edition** William L. Benoit, 2024-01-01 In our constantly plugged in and connected world image is everything People groups organizations and countries frequently come under suspicion of wrongdoing and sometimes require defense Accounts Excuses and Apologies describes the image repair strategies that may be used to help defuse these threats The Third Edition of this classic book builds on theories for rehabilitating a damaged reputation by adding two new forms of denial straw denial appearing to deny an accusation by sidestepping it and deflecting attention trying to get the audience to focus on something other than the accusations against you Five contexts for image repair are examined corporate political sports entertainment international and third party when one person or organization tries to repair the image of another The book's case studies include current instances of reputation repair including Vladimir Putin on Ukraine and President Joe Biden on Afghanistan Southwest Airlines on flight cancellations Kobe Bryant on accusations of rape and Donald Trump on the January 6 hearings
