Green, 2018-03-22 The Home Guards are an attacking force lying in wait for and ready to destroy an enemy who dares to set foot on our shores The Home Guard has been immortalised in British culture in the TV series Dad's Army Formed by men not eligible for active service too old too young in reserved occupations vital to the war effort who were expected to resist a German invasion with any resources they had to hand the Home Guard is the embodiment of plucky British resolve against the odds The Home Guard Pocket Book evokes this spirit Written by Brig Gen Green commanding 4th battalion Sussex Home Guard and Training Adviser for the Sussex Zone this book is based on his experience and in his own words is the result of my ransacking the dusty pigeon holes of memory and the condensation of many books official instructions and writings Its tone is informal and colloquial such as March discipline Troops will always march off the parade ground at the Slope As soon as this has been done the order March at Ease should be given When marching at ease the rifle may be carried in any way a soldier fancies Nevertheless the book is full of sound advice on training organisation and discipline fire arms reconnaissance and field engineering the responsibilities of the Group Pigeon Officer the proper position to adopt for surviving a dive bomb attack and how to set a trap for an unwary advancing German cyclist **Food Industries Manual** M. Ruddy,2021-04-01 A colorful catalogue of objects that illustrate what everyday life was like in wartime Britain A lifesaving gas mask A ration book essential for the supply of food A shelter stove that kept a family warm while they huddled in their Anderson shelter A leaflet dropped by the Luftwaffe that was designed to intimidate Britain s populace during the threat of invasion A civilian identity card over stamped with the swastika eagle from the occupied Channel Islands A rare previously unpublished snapshot of legendary bandleader Glenn Miller playing at a UK air base A twisted remnant of German V2 rocket that went to space and back before exploding over London the result of equally twisted military science Colorful flag bunting that saw the VE celebrations in 1945 These disparate objects and many more together tell the moving and important story of Britain s home front during the Second

World War The ordinary objects featured in this book supplemented with facts figures dates stories and statistics portray the highs and lows the British people experienced during six years of war from the deprivations of rationing and the bombing of the Blitz to the cheery songs elegant fashions and Dig For Victory spirit **The Spectator life by states manual** ,1908

To the Last Man Malcolm Atkin,2019-04-30 This historical study of the UK s WWII homeland defense service dispels the propaganda and pop culture myths to reveal its true wartime role In 1940 Britain formed an armed citizen militia to act as the first line of defense in case of Nazi invasion an essential if suicidal mission intended to buy time for the organization of regular forces Officially they were the Home Guard Later a British sitcom that ran for nearly a decade in the 60s and 70s dubbed them Dad s Army That show contributed to a distorted perception of the Home Guard that persists today But as Malcolm Atkin reveals in this thought provoking book the Home Guard s image was manipulated from its earliest days Sifting through official documents and contemporary histories as well as stories artwork and poetry of the era and comparing these with postwar films and histories Atkin explores how the myths of the Home Guard arose and were exploited He also shows how the strong sense of gallows humor amongst its volunteers which fits in with a long tradition of self deprecating humor in the British army was taken out of context and became the basis of the TV series To the Last Man strips back the myths analyzing how the modern perception has evolved The result is a new gritty and sometimes shocking appreciation of the role that the Home Guard was expected to play in the Second World War *Britain's Final Defence* Dale Clarke,2016-11-07

Known affectionately as Dad s Army the Home Guard was Britain s very serious attempt to protect our shores from invasion by Nazi Germany in the Second World War In the Spitfire summer of 1940 all that the 1 million unpaid untrained part timers of the Local Defence Volunteers as the organisation was originally called wanted was a service rifle for each man but even that was too much for a country threatened by defeat to provide Britain s Final Defence is the first book to explore the efforts made to arm the home defence force between 1940 and 1944 and describe the full range of weaponry available for Britain s last stand against invading Axis forces The Publishers Weekly ,1917 **Godley** TERRY KINLOCH,2018-11-01 A

comprehensive biography of General Sir Alexander Godley presenting for the first time a fair and balanced look at his time as commander of the New Zealand Expeditionary Force NZEF and II ANZAC Corps during World War I While Godley is generally remembered as being a poor field commander Terry Kinloch argues that he was in fact a capable one who had little or no ability to influence the failed battles at Gallipoli and Passchendaele that he is often seen as responsible for Kinloch also presents for the first time a detailed account of Godley s long pre and post World War I career in the British Army After the war Godley returned to the British Army eventually reaching the rank of general before retiring in 1933 During his 48 year military career he also served on operations in Rhodesia and South Africa as a mounted infantry instructor in the post war British occupation force in Germany and as the Governor of Gibraltar **ARC.** ,1917 The English Catalogue of Books Published from January, 1835, to January, 1863 ,1864 **Camouflage Australia** Ann Elias,2018-08-30 Camouflage

Australia provides international context for the historical circumstances and events of the organisation of camouflage in World War II in Australia and the Pacific region. She elaborates on the parallel involvement of British and American artists in the field of concealment and deception and reveals the widespread interest shown by western naturalists and scientists in the application to warfare of the behaviours and aesthetics of animals.
