

THE GOLDEN NATURE GUIDES

are an introduction to the world of nature, presenting those things which are most common and most easily seen. Each guide has been written by an authority on science education—Dr. Herbert S. Zim, formerly of the University of Illinois—in cooperation with a specialist. Identification is made easy by over 100 full-color paintings in each book. These are rendered mostly from life by an outstanding artist and have been checked, corrected, and rechecked by specialists.
