Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1978 **In the Plex** Steven Levy,2011-04-12 The most interesting book ever written about Google The Washington Post delivers the inside story behind the most successful and admired technology company of our time now updated with a new Afterword Google is arguably the most important company in the world today with such pervasive influence that its name is a verb The company founded by two Stanford graduate students Larry Page and Sergey Brin has become a tech giant known the world over Since starting with its search engine Google has moved into mobile phones computer operating systems power utilities self driving cars all while remaining the most powerful company in the advertising business Granted unprecedented access to the company Levy disclosed that the key to Google s success in all these businesses lay in its engineering mindset and adoption of certain internet values such as speed openness experimentation and risk taking Levy discloses details behind Google s relationship with China including how Brin disagreed with his colleagues on the China strategy and why its social networking initiative failed the first time Google tried chasing a successful competitor He examines Google s rocky relationship with government regulators

particularly in the EU and how it has responded when employees left the company for smaller nimbler start ups In the Plex is the most authoritative and in many ways the most entertaining James Gleick The New York Book Review account of Google to date and offers an instructive primer on how the minds behind the world s most influential internet company function

Richard Waters The Wall Street Journal Baby Owner's Manual Edward R. Christophersen,1988 *The Owner's Manual for Christians* Charles R. Swindoll,2011-02-14 It s never too late Whether you re a new Christian or you ve walked the road for decades it s never too late to find the critical truths that make life make sense We often start out believing that common sense will be enough that we re prepared for the road ahead with our good values and quick thinking It doesn t take long to learn otherwise A broken friendship An obsessive career Financial distress Even empty success We come back to God searching for insight for hope And He provides Nothing can replace studying the Bible Best selling author and pastor Charles Swindoll has spent decades studying its pages and teaching its precepts But if sixty six books seem overwhelming The Owner s Manual for Christians is the perfect starting place a biblical summary of the major truths that anchor the Christian life From grace to freedom these chapters walk the reader through the keys to a life well lived drawn from the Creator of life itself Life is often confusing but it does not have to be impossible Read The Owner s Manual for Christians and find hope for the road ahead **Federal Register** ,1993 *Google Speaks* Janet Lowe,2009-05-04 In many ways Google is the prototype of a successful twenty first century company It uses technology in new ways to make information universally accessible promotes a corporate culture that encourages creativity among its employees and takes its role as a corporate citizen very seriously investing in green initiatives and developing the largest corporate foundation in the United States Following in the footsteps of Warren Buffett Speaks and Jack Welch Speaks which contain a conversational style that successfully captures the essence of these business leaders Google Speaks reveals the amazing story behind one of the most important new companies of our time by exploring the people and philosophies that have made it a global phenomenon in less than fifteen years Written by bestselling author Janet Lowe this book offers an engaging look at how Google s founders Sergey Brin and Larry Page transformed their vision of a better Internet search engine into a business colossus with about 16 billion in annual revenue Lowe discusses the values that drive Brin and Page for example how they both live fairly modest lives despite each having a net worth in excess of 15.9 billion and details how they have created a culture that fosters fun while at the same time keeping Google at the forefront of technology through relentless R D investments and imaginative partnerships with organizations such as NASA In addition to examining Google s breakthrough business strategies and new business models which have transformed online advertising and changed the way we look at corporate responsibility and employee relations Lowe explains why Google may be a harbinger of where corporate America is headed She also addresses controversies surrounding Google such as copyright infringement antitrust concerns and personal privacy and poses the question almost every successful company must face as Google grows can it hold on to its entrepreneurial spirit as well as its informal motto

Don't do evil What started out as a university research project conducted by Sergey Brin and Larry Page has ended up revolutionizing the world we live in Google Speaks puts these incredible entrepreneurs in perspective and shows you how their drive and determination have allowed them to create one of today's most powerful companies
