Handbook Post Crisis Financial Modelling Ebook:

The Handbook of Post Crisis Financial Modelling Emmanuel Haven, Philip Molyneux, John Wilson, Sergei Fedotov, Meryem Duygun, 2016-04-29 The 2008 financial crisis was a watershed moment which clearly influenced the public's perception of the role of finance in society. Since 2008 a plethora of books and newspaper articles have been produced accusing the academic community of being unable to produce valid models which can accommodate those extreme events. This unique Handbook brings together leading practitioners and academics in the areas of banking mathematics and law to present original research on the key issues affecting financial modelling since the 2008 financial crisis. As well as exploring themes of distributional assumptions and efficiency the Handbook also explores how financial modelling can possibly be re-interpreted in light of the 2008 crisis.

Technology Enterprise Business Models: A Handbook For The Post Pandemic Era

Joosung J. Lee, 2023-10-13 In the wake of the transformative global events since 2020 the economic landscape has undergone profound changes. Adapting to the new paradigms brought about by the pandemic requires innovative business models that seamlessly blend technology and offer hybrid online/offline services. This handbook is an essential guide for students and entrepreneurs navigating this evolving landscape. It equips readers with the knowledge and tools to create value and design effective online/offline business models that cater to the demands of the post-pandemic era.

Key Themes:

- Technology Service Management:** Explore the concept of servitization, relevant frameworks, and the latest servitization trends that are reshaping industries.
- Business Innovations:** Learn how businesses have leveraged technology and service-oriented approaches to thrive during and after the pandemic.
- Customer Centric Models:** Discover how to create business models that prioritize customer needs and preferences, effectively bridging the online and offline realms.
- Value Innovation:** Explore how the convergence of technology and services drives value creation and contributes to social welfare.
- Real World Examples:** Gain insights from exemplary cases of servitization illustrating how businesses have successfully overcome crisis situations.

In an era defined by rapid change and uncertainty, this book empowers readers to harness the potential of technology-driven service models. Whether you're a student seeking to understand these shifts or an entrepreneur looking to adapt and innovate, this resource provides invaluable insights and practical guidance for the post-pandemic business landscape.
