Light Through The Crack Life After Loss:

Light Through the Crack Sue Mosteller, 2007-12-18 A deeply moving and engaging work of Christian spirituality in the tradition of Henri Nouwen written by his close friend and literary executrix Sue Mosteller has had a rich life as a spiritual adventurer and as a member and leader of L Arche Community where she first met the great spiritual writer Henri Nouwen In **Light Through the Crack** she tells her own story and the stories of the people she has known throughout her life She writes about her family and her upbringing the fifty years she has spent with the Sisters of St Joseph her thirty years of involvement with L Arche Daybreak Community where people with disabilities and those who assist them create a home together and her close twenty year friendship with Nouwen With grace and humor she explores the relationships she has formed and the difficulties that go with them Through her varied experiences she has learned that it is impossible to live with people over the long term and hide your flaws and vulnerabilities Leonard Cohen once wrote in a song There is a crack in everything That's how the light gets in Combining revealing memoir and the inspirational stories of others Mosteller brings to life the meaning of that resonant phrase and illuminates why human weaknesses the cracks in our personalities are actually the greatest sources of light for the world **Light Through the Crack** Sue Mosteller, 2006 **Jean Vanier** Michael W. Higgins, 2016 Winner of the 2015 Templeton Prize and numerous other international and prestigious honors Jean Vanier lives a radical poverty of surrender in a time of fanatical acquisitiveness economic disparity and mounting bellicosity among nations He is a philosopher of the heart icon of wholeness and justice activist Through such key notions as trust community relationship and humility Vanier has built up a network of service and nurturing growth spanning the globe the L Arche Movement He has advocated for peace in a world that treasures its violence written extensively about the very meaning of human personhood and championed sensitivity to the diverse spiritual traditions that make up our world His remarkable life has included rich friendships with Blessed Mother Teresa St John Paul II and Henri Nouwen Jean Vanier is a man of complexity and formal philosophical training a scion of a family of national pedigree and one of the seminal religious and inspirational figures of our time In this volume Michael Higgins focuses on Vanier's many interconnections personal and conceptual with the mighty and the humble the pious and the secular as well as the young and the seasoned People of God is a series of inspiring biographies for the general reader Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty first century Catholic Some living and some now deceased each of these women and men has known challenges and weaknesses familiar to most of us but responded to them in ways that call us to our own forms of heroism Each offers a credible and concrete witness of faith hope and love to people of our own day **Spiritually Healthy Divorce** Carolynne Call, 2011-05-06 Chart a Course to Wholeness in the Aftermath of Divorce Divorce tends to rip away your facade and defenses and call into question what you know or believe That vulnerability is painful but ultimately can bring you to a place where your spiritual life can gain strength and insight if you are open to it In the midst of feeling lost you can find a new path

forward which brings you to a better place from the Introduction Divorce is never easy and almost always includes profound experiences of pain isolation anger despair and confusion Here is a spiritual map for regaining your bearings helping you move through the twists and turns of divorce in a spiritually healthy way Drawing on her work as a pastor and counselor and her personal experience with divorce Carolyn Call proposes a three prong approach to help you reset your compass on a new destination wholeness Supported by first person accounts from men and women from a variety of faith traditions who have found their way through divorce she helps you identify Where you want to go I want to be true to who I am Where you don't want to go the cul de sacs of bitterness resentment victimization and guilt What you can do to get there Tender to the World Carolyn Whitney-Brown, 2019-10-16 Jean Vanier's spiritual vision and sense of humour shaped L Arche but the organization was also informed by its surprising history with the United Church of Canada In Tender to the World Carolyn Whitney Brown explores the connections between the two organizations through diverse critical insights from Julia Kristeva Doreen Massey and Mikhail Bakhtin as well as Vanier's controversial articulation of the gift of weakness Tracing the five decade relationship between L Arche and the United Church alongside evolving disability theories Whitney Brown examines both the fundamental importance of stories and the agency of people with intellectual disabilities Inversion a transformative overturning of expectations in social interactions can be upsetting or exciting challenging or inspiring she argues This book offers a fresh look at how L Arche and the United Church have worked to break down walls of difference illuminating how each tenders something unexpected to the other and to the world At a time when many are seeking new visions for society the long and complex relationship between Canada's largest Protestant denomination and L Arche offers both encouragement and a deeper way to approach questions of living in diverse communities Friends Journal, 2007 **I See That You Are Down, but When Are You Going to Get Up?** Shawn McDowell, 2007-10-31 I See That You Are Down But When Are You Going To Get Up chronicles the trials and tribulations I encountered during transition for boyhood to manhood through the transformative powers of Christ and the Holy Spirit within us all We are far more than our parental DNA and far greater than the product of our environment We have far more in common within the human experience than we are willing to accept The three primary causes of conflict chronicles throughout history have been based upon racial division religious intolerance and those who seek to control the resources of this planet God created for us all to share Unless we all strive to live a balanced life whereby our mind body and spirit work in unison to bring forth inner peace inner turmoil will bring for external conflict into our environment *Grief and the Expressive Arts* Barbara E. Thompson, Robert A. Neimeyer, 2014-01-10 The use of the arts in psychotherapy is a burgeoning area of interest particularly in the field of bereavement where it is a staple intervention in hospice programs children's grief camps specialized programs for trauma or combat exposure work with bereaved parents widowed elders or suicide survivors and in many other contexts But how should clinicians differentiate between the many different approaches and techniques and what criteria should they use to

decide which technique to use and when Grief and the Expressive Arts provides the answers using a crisp coherent structure that creates a conceptual and relational scaffold for an artistically inclined grief therapy Each of the book's brief chapters is accessible and clearly focused conveying concrete methods and anchoring them in brief case studies across a range of approaches featuring music creative writing visual arts dance and movement theatre and performance and multi modal practices Any clinician expressive arts therapist grief counselor or something in between looking for a professionally oriented but scientifically informed book for guidance and inspiration need look no further than Grief and the Expressive Arts

Musings of an Old Soul Don Anderson, 2010-10-08 These events I have written about are musings of an old soul from a perspective outside most individual's human box I have written about these musings looking at them from a cosmic perspective for this is how I view things Perhaps you may find some common ground Perhaps you may scoff at the possibilities and think it is all too much Keep an open mind Reality is as the being who experiences it Regardless of whether or not you believe another's reality it is still a reality to them **Lost in Grief** Karen Frenette, 2011-06-24 It began as an ordinary uneventful day in December 1994 without any warnings whispered messages in her ear or premonitions that this would be the last normal day Karen Frenette would ever experience It was the day her nineteen year old son Corey would take his last breath In her memoir *Lost in Grief A Mom's Story* Frenette narrates the poignant story of her long and difficult journey through the emotional dark wood of grief after her son was tragically killed in a car crash With raw honesty Frenette details the sixteen year long process of how she found her way back to discovering the goodness in life even after experiencing the worst it had to deliver As she offers inspiration for other parents grieving their own losses she recalls how she struggled with her own fears doubts and pain wondering if the all consuming deep ache of yearning would ever cease *Lost in Grief A Mom's Story* offers help and guidance any parent who has endured the death of a child and needs to know that through all the darkness there is someone in the world who truly understands **The Catholic Periodical and**

Kelley,2010-03-12 The experience of grief has been a source of intrigue and curiosity throughout history and it continues to stimulate thought and theory in various fields of study Unfortunately these fields tend to function in isolation from each other The result is a substantial disconnect between grief research theory and care which has evolved greatly over the last two decades and ministerial practice Using a metaphor of grief as a mosaic Melissa Kelley presents contemporary grief theory and research integrated with important theological religious and ministerial perspectives Written in an accessible way for ministers ministers in training and all pastoral and spiritual caregivers this book provides the most up to date theory and research in grief to help inform their care of others Through exploration of critical topics including attachment to God meaning making and religious coping in grief readers are brought right to the heart of a contemporary understanding of grief
