Lion In The North A Personal View Of Scotlands History

John Prebble

Lion In The North A Personal View Of Scotlands History:

The Lion in the North John Prebble, 1974 Tracing Your Scottish Ancestors Ian Maxwell, 2014-05-19 The fully revised second edition of the genealogy resource praised as a great starting point for anyone who has an interest in their Scottish roots Scottish Field This lively and accessible introduction to Scotland s long complex and fascinating story is aimed primarily at family historians who are eager to explore and understand the world in which their ancestors lived Ian Maxwell guides readers through the wealth of material available to researchers in Scotland and abroad He looks at every aspect of Scottish history and at all the relevant resources As well as covering records held at the National Archives of Scotland he examines closely the information held at local archives throughout the country He also describes the extensive Scottish records that are now available on line His expert and up to date survey is a valuable handbook for anyone who is researching Scottish history because he explains how the archive material can be used and where it can be found For family historians it is essential reading as it puts their research into a historical perspective giving them a better insight into the part their ancestors played in the past The historical section provides a lively summary of the social history of Scotland nicely illustrated from contemporary accounts and nineteenth century line drawings A high level reminder of most of the invaluable but challenging accumulation of Scottish online resources The Friends of the National Archives Fatal Rivalry: Flodden, 1513: Henry VIII and James IV and the Decisive Battle for Renaissance Britain George Goodwin, 2013-08-26 Describes the family drama political and royal court intrigue and bloody military battles that erupted between Henry VIII of England and his brother in law James IV of Scotland during the splendor of the Renaissance as Scotland tried to assert its independence

Scotland and the Low Countries 1124-1994 Grant G. Simpson, 2021-11-01 This collection of essays presents historical approaches to the links which have existed for over 800 years between Scotland and one of the areas of continental Europe closest to her the Low Countries Topics include Flemish settlers in twelfth century Scotland the Count of Holland who claimed the Scottish throne in 1291 the Flemish aspect of the Auld Alliance with France the view of Scotland taken by a Netherlands born chronicler Jean Froissart Scotland s late medieval involvement in diplomacy with Guelders and in wool exports to the Netherlands the contacts of Scottish patrons with Netherlandish painters in the 15th and 16th centuries Scots pursuing military careers and studies in the arts and law in the Low Countries in early modern times parallels between Belgian Art Nouveau painting and the work of some Glasgow artists around 1900 comparisons between Scotland and the Low Countries in the 20th century in the realms of social housing and oil exploration These varied studies add detailed background to the subject of Scotland within Europe a question now much debated This volume is the third in the Mackie Monographs series based on the Mackie Symposia held in the University of Aberdeen which have as their theme the historical study of Scotland s overseas contacts **The Scotch-Irish** Ron Chepesiuk, 2005-04-15 The Scotch Irish began emigrating to Northern Ireland from Scotland in the seventeenth century to form the Ulster Plantation In the next century

these Scottish Presbyterians migrated to the Western Hemisphere in search of a better life Except for the English the Scotch Irish were the largest ethnic group to come to the New World during the eighteenth century By the time of the American Revolution there were an estimated 250 000 Scotch Irish in the colonies about a tenth of the population Twelve U S presidents can trace their lineage to the Scotch Irish This work discusses the life of the Scotch Irish in Ireland their treatment by their English overlords the reasons for emigration to America the settlement patterns in the New World the movement westward across America life on the colonial frontier Scotch Irish contributions to America s development and sites of Scotch Irish interest in the north of Ireland War Without Mercy Mark Edward Lender,James Kirby

Martin,2025-10-09 Drawing on vivid contemporary accounts this is a fascinating exploration of how and why the Revolutionary War descended into a brutal existential struggle This engrossing history of the Revolutionary War conclusively shows that those caught up in it believed they had nothing to lose by fighting without regard for the rules of so called civilized warfare The clarion call to arms Liberty or Death was far more than just rhetoric At its grimmest level it was a conflict in which military restraint was more the exception than the rule a struggle in which combatants believed their very existence was in question This led to an acceptance of violence against persons and property as preferable to a defeat equated with political cultural and even physical extinction It was war with an expectation and acceptance of ferocity and brutality anything to avoid defeat A number of historians have previously concluded that United States founding struggle reached a level of ferocity few Americans now associate with the movement for independence However these studies have described what happened without looking in detail at why the conflict took such a violent a turn Written by two esteemed Revolutionary War historians War Without Mercy does exactly that Based on years of research and enlivened by little known primary sources this is an intriguing and fresh look at a period of history we thought we knew **Robin Hood** Scott Allen

Nollen,2015-09-15 From Errol Flynn to Kevin Costner to Daffy Duck the bandit of Sherwood Forest has gone through a variety of incarnations on the way to becoming a cinematic staple The historic Robin Hood actually an amalgam of several outlaws of medieval England was eventually transformed into the romantic and deadly archer swordsman who robbed from the rich to give to the poor This image was reinforced by popular literature song and film This volume provides in depth information on each film based on the immortal hero In addition other historical figures such as Scottish rebel outlaws Rob Roy MacGregor and William Wallace are examined Nollen also explores nontraditional representations of the legend such as Frank Sinatra s Robin and the Seven Hoods and Westerns featuring the Robin Hood motif A filmography is provided including production information The text is highlighted by rare photographs advertisements and illustrations **Dr. John**

Moore, 1729-1802 Henry L. Fulton,2014-12-24 This book is the first biography of Scottish born physician John Moore Here Henry L. Fulton recounts Moore s childhood education and medical training in Glasgow and abroad discusses his marriage family and friendships particularly with Tobias Smollett and depicts his professional practice in the north The narrative

uncovers Moore's transformative experience accompanying a young nobleman on the Grand Tour through Europe and provides a detailed account of the journey's highlights and difficulties. When Moore returns, he moves his family to London to begin a second career in literature and to acquire patronage for his sons' professions. In this biography, Fulton covers not only Moore's publications but also discusses his circle of friends among nobility, politicians, artists, and others. Also discussed is Moore's involvement in the French Revolution, his correspondence with Robert Burns, and his strained family relationships. Additionally presented here is new information regarding Moore's finances drawn from archival records in Glasgow and Edinburgh and his bank ledgers in London.

Gypsy and Traveller Girls Geetha Marcus, 2019-01-25 This book presents the untold stories of Gypsy and Traveller girls living in Scotland. Drawing on accounts of the girls' lives and offering space for their voices to be heard, the author addresses contemporary and traditional stereotypes and racialised misconceptions of Gypsies and Travellers. Marcus explores how the stubborn persistence of these negative views appears to contribute to policies and practices of neglect, inertia, or intervention that often aim to civilise and further assimilate these communities into the mainstream settled population. It is against this backdrop that the book exposes the girls' racialised and gendered experiences which impact on their struggles as young people to realise their potential and future prospects. Their narratives reveal the strengths of a distinct community and the complexity of their silence and agency within the patriarchal structures that pervade the private spaces of home and the public spaces of education. This study also invites the reader to reflect on how the experiences of Gypsy and Traveller girls compare with young women from other social backgrounds and questions if there is more that binds us than divides us as women in the modern world. *Gypsy and Traveller Girls* will be of interest to students and scholars across a range of disciplines including sociology, education, gender studies, and social policy.

The Globalization of Addiction Bruce Alexander, 2010-03-04 Addiction is increasing all around the world and the conventional remedies don't work. *The Globalization of Addiction* argues that the cause of this failure to control addiction is that past treatments have focused too single-mindedly on the afflicted individual addict. This book presents a radical rethink about the nature of addiction.

The Sacrament of the Word Made Flesh Robert J. Stamps, 2013-08-01 Endorsements: Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship. He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the Eucharist. This book serves as a helpful introduction to Torrance, especially his framing of revelation. Moreover, it invigorates our understanding of the theological meaning of sacramental devotion. Its readers will be stimulated, provoked, and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers. In sum, this is a timely and exciting book. It will well serve pastors, theologians, and thoughtful Christians of many theological perspectives.

MARK VALERIE T. Thompson, Professor of Church History, Union Theological Seminary, Virginia. One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a

collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist To say that Dr Stamps has been industrious is patently an understatement the truth is that he has been indefatigable in his search for the least morsel that Torrance offers Yet it is not so much as a study of Torrance that this book is to be commended its great value is that it offers a contextualization of Torrance s thinking on the Eucharist in ecclesiology the more general dimension of an incarnational theology as well as his understanding of cosmology and epistemology I hope that Dr Stamps book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith JOHN HEYWOOD

THOMAS Emeritus Professor of Theology University of Nottingham **A History of Psychology in Western Civilization**

Bruce K. Alexander,Curtis P. Shelton,2014-07-03 A fresh and radical analysis of psychology s scholarly roots and its potential for the future *Britain's 20 Worst Military Disasters* John Withington,2016-09-23 Crecy Agincourt Blenheim Trafalgar

Waterloo El Alamein the names trip off the tongue and resound through our history Great British military victories often won against the odds But what of the defeats and disasters from our conquest by Roman armies to the fall of Singapore in 1942 described by Churchill as the worst disaster in our military history This is the story of those disasters and the ones in between From famous battles like Hastings and Yorktown to those that are less well known but had far reaching consequences such as Castillon Others like the Battle of the Medway in 1667 which were deeply shameful a dishonour never to be wiped off but had relatively little long term impact Sometimes a brilliant retreat helped prevent an even greater calamity as at Gallipoli and Dunkirk It is an epic story following British armies and navies across the world to France Africa North and South America and the Far East It is a tale of bungling miscalculation unpreparedness and heroism **Royal and Ancient**

Ancient Curt Sampson,2011-07-06 For a century and a half the best golf players in the world have once a year attempted to beat the weather the pressure and one of the toughest courses in the world at the British Open In Royal and Ancient Curt Sampson the bestselling author of Hogan and The Masters draws a definitive and affectionate portrait of this legendary tournament with a fascinating narrative of both its rich history and its exciting present The thread of Royal and Ancient is the 1999 championship the most astonishing four days in British Open history Sampson follows individual players as they meet the gut wrenching challenge of the links at Carnoustie the icy classicist Steve Elkington the good looking bon vivant Andrew Magee the struggling hopeful Clark Dennis Zane Scotland the youngest Open qualifier in history Sampson is there for Jean Van de Velde s dramatic collapse on the final day probing both Van de Velde and his caddie for their emotional insights He gets inside the heads of stars and journeymen caddies and groundskeepers and shows how they prepare and how they think as the tournament progresses from the qualifying rounds to the practice sessions all the way through the play off on the final day Beyond his excellent reportage Curt Sampson captures British Open history as it s never been captured before With an insider s knowledge and expertise he draws us into the rarefied atmosphere of tradition and myth telling the amazing and sometimes heartbreaking stories of past champions of triumphs and tragedies of deaths and ghosts We hear the unexpectedly

poignant story of one of the early greats Tommy Morris the invincible champion of the 1860s and 1870s and explore the loyal Scottish fascination with the legendary Ben Hogan The reminiscences of past and current participants combine with the behind the scenes stories of everyone from the club superintendent to the local pub owners to give an intimate look at this unique tournament In his book *The Majors* John Feinstein called Curt Sampson s *The Masters* the best book ever written about that Augusta event Now in *Royal and Ancient* Sampson cracks the inner circle of another remarkable major to provide this fascinating and truly all embracing view of the British Open *News Letter* United States. Department of State,

Reformation Harry Reid,2014-08-05 500 Years ago Europe went through one of the most remarkable and turbulent periods in its history The lines of political and theological power were rewritten in ways that were nuanced subtle and philosophical but also in ways that resulted in bloody massacre and destruction **Newsletter** United States. Department of State,1971 *Assassins' Deeds* John Withington,2020-11-05 Assassins have been killing the powerful and famous for at least three thousand years Personal ambition revenge and anger have encouraged many to violent deeds like the Turkish sultan who had nineteen of his brothers strangled or the bodyguards who murdered a dozen Roman emperors More recently have come new motives like religious and political fanaticism revolution and liberation with governments also getting in on the act while many victims seem to have been surprisingly careless Abraham Lincoln was killed after letting his bodyguard go for a drink So do assassinations work Drawing on anecdote historical evidence and statistical analysis *Assassins Deeds* delves into some of history s most notorious acts unveiling an intriguing cast of characters ingenious methods of killing and many unintended consequences *Newsletter* ,1971 *Bulletin* ,1986
