

Listening Test

The Listening Test is an opportunity for you to show how well you understand spoken English. There are four parts, and each part has different directions. You have 45 minutes to complete this Listening test.

Mark your answers on the separate Answer Sheet provided on page 357.

Part 1

Directions: For each question, you will hear four statements about a photograph. Listen and select the one statement: (A), (B), (C), or (D), that best describes the picture. Then mark your answer on the Answer Sheet. You will hear the statements only once.

EXAMPLE

(A) (B) (C) (D)

The best description of the picture is statement (C), "The woman is wearing safety glasses on her head." You should mark answer choice (C) on your Answer Sheet.

Listening Intermediate Tour Guide:

Listen Here! Intermediate Listening Activities Clare West,2010-04-08 For lower intermediate to intermediate students who wish to improve their listening skills in English Suitable for classroom use or for self study Includes 28 units covering a wide range of topics and situations and tasks for active listening to build skills and confidence **Assessing**

Listening for Chinese English Learners Pan Zhixin,2016-12-08 This book reports in detail the newly developed Communicative Listening Comprehension Test CLCT for the National College English Test CET of China Following the principles of communicative testing in general and test construction approach proposed by Bachman and Palmer 1996 in particular the project develops CLCT for CET 4 and CET 6 The research begins with the construction of frameworks of listening task characteristics and communicative listening ability Subsequently based on a survey of Chinese college students English listening needs and an analysis of listening tasks in influential English listening course books and public tests CLCT 4 and CLCT 6 test specifications are developed Finally sample papers are produced and a series of posteriori studies are conducted to examine the difficulty and usefulness of the newly developed notes completion task type in two CLCT tests As an example of successful integration of communicative testing theories and test construction practice this research provides valuable insights into listening test development for other large scale tests **Assessing Listening** Gary Buck,2001-04-12 A

formal evaluation of students listening abilities is crucial in order that language teacher s can meet the pedagogical needs of their students While there has been a considerable body of work done on assessing the listening abilities of native speakers the issues surrounding the assessment of second language learners listening abilities are still emerging This book outlines in an accessible manner the theory and research relating to the listening ability of foreign language learners It provides language teachers with guidelines to design and develop suitable listening tasks for their students *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1977 **Listening to Our Students and Transcending K-12**

to Save Our Nation Alec Ostrom,Brian Hack,Don Prentice,2020-01-06 This journey will engage you in dealing with some hard truths and it will take you down a new pathway and new ways of thinking about K 12 education We now live in a nation that is struggling with deep social economic and political conflicts We are all doing our best to resolve these conflicts and to solve the critical challenges that we all face in the Digital Age but our children and young adults are having a very difficult time in dealing with the realities of their young lives We wrote this book because we want to engage all of our readers in each local community in frank honest down to earth practical conversations about our K 12 schools as the foundation for our constitutional democracy Without well educated citizens our government our economy and our society will not survive And this is true regardless of the political beliefs of our readers across the political spectrum **Insight Guides Thailand**
