Hard Drive James Wallace, Jim Erickson, 1993-06 The true story behind the rise of a tyrannical genius how he transformed an industry and why everyone is out to get him In this fascinating expos two investigative reporters trace the hugely successful career of Microsoft founder Bill Gates Part entrepreneur part enfant terrible Gates has become the most powerful and feared player in the computer industry and arguably the richest man in America In *Hard Drive* investigative reporters Wallace and Erickson follow Gates from his days as an unkempt thirteen year old computer hacker to his present day status as a ruthless billionaire CEO More than simply a revenge of the nerds story though this is a balanced analysis of a business triumph and a stunningly driven personality The authors have spoken to everyone who knows anything about Bill Gates and Microsoft from childhood friends to employees and business rivals who reveal the heights and limits of his wizardry From Gates s singular accomplishments to his equally extraordinary brattiness arrogance and hostility the atmosphere is so intense at Microsoft that stressed out programmers have been known to ease the tension of their eighty hour workweeks by exploding homemade bombs this is a uniquely revealing glimpse of the person who has emerged as the undisputed king of a notoriously brutal industry

the richest and most successful businessman of all time His remarkable vision and obsessive desire to win have created a leadership style radically different to anything the business world has seen before The Unauthorized Guide to Doing Business the Bill Gates Way draws out the universal lessons from Bill Gates phenomenal success and identifies 10 secret leadership strategies that can be applied to any business or career Be in the right place at the right time Fall in love with technology Take no prisoners Hire very smart people Learn to survive Don't expect any thanks Assume the visionary position Cover all the bases Build a byte sized business Never ever take your eye off the ball Want to be the best The secrets of phenomenal success are in your hands Check out the other Unauthorized Guides in this series Richard Branson Jamie Oliver Duncan Bannatyne Alan Sugar and Philip Green *Eloquence of Effort* Indar Maharaj, 2017-09-27 The Eloquence of Effort echoes the merits of conscientious toil It provides an insightful look into the benefits of sustained socio economic effort To convincingly argue that dreams are only achievable through mind numbing toil the writer draws heavily from biographical philosophical economic religious historical and scientific data Work is the mission the multiple rewards are the byproducts he argues Moreover the pleasure resides in the effort not the results Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefit of conscientious work is sharply focused The reader is imperceptibly nudged into a higher plane of reality namely purposeful effort regardless of its nature is supremely rewarding The writer forces the realization that regardless of the outcome effort is never wasted Conversely indolence is the bane of progress and the root cause of economic crimes Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence and embraced by vacuous minds craving the most for the least Analysis of biographical data sustains the thesis that industry prolongs life inaction truncates it a finding supported by the second Law of Thermodynamics The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they have given resonance to the arguments contained herein **The Bill Gates Problem** Tim Schwab, 2023-11-14 New York Times Editors Choice A powerful investigation of Bill Gates and the Gates Foundation showing how he uses philanthropy to exercise enormous political power without accountability Through his vaunted philanthropy Bill Gates transformed himself from a tech villain into one of the most admired people on the planet Even as divorce proceedings and allegations of misconduct have recently tarnished his public image the beneficence of the Gates Foundation celebrated for spending billions to save lives around the globe is taken as a given But as Tim Schwab shows in this fearless investigation Gates is still exactly who he was at Microsoft a bully and monopolist convinced of his own righteousness and intent on imposing his ideas his solutions and his leadership on everyone else At the core he is not a selfless philanthropist but a power broker a clever engineer who has innovated a way to turn extreme wealth into immense political influence and who has made us believe we should applaud his acquisition of power not challenge it Piercing the blinding halo that has for too long shielded the world's most powerful and most secretive charitable organization from public scrutiny The Bill Gates Problem shows how Gates's billions have purchased a stunning

level of control over public policy private markets scientific research and the news media Whether he is pushing new educational standards in America health reforms in India global vaccine policy during the pandemic or Western industrialized agriculture throughout Africa Gates's heady social experimentation has shown itself to be not only undemocratic but also ineffective In many places Bill Gates is hurting the very people he intends to help No less than dark money campaign contributions or big business political lobbying Bill Gates's philanthropic empire needs to be seen as a problem of money in politics It is a dangerous model of unconstrained power that threatens democracy and demands our attention **Bill Gates** Jeanne M.
