**Sex and Manners** Cas Wouters, 2004-09-01 This is a highly original and in many ways brilliant text It is a model of how historical process sociological research ought to be conducted and written up The author's subtle blending of theory and data is outstanding Eric Dunning Professor of Sociology University of Leicester Wouters has written a book both broad in scope and deep in analytic reach Exploring changes in courtship norms over the last century in English Dutch German and American books of manners he discovers changes which confirm the theory of informalization Relations between the sexes are less regulated from outside and more from inside This change calls paradoxically for both an emancipation of emotion and an ever sharper cultural eye on ways of managing emotion The book carries Elias's classic The Civilizing Process one giant step further An important contribution and a fascinating read Arlie Russell Hochschild University of California This dazzling book examines changes in American Dutch English and German manners regarding the changing relationships between men and women From the disappearance of rules for chaperonage and the rise of new codes for courting dates public dances and the work place it shows how women have become their own chaperone by gaining the rights to pay for themselves to have a job and be a sexual subject This original and thought provoking book provides empirical evidence showing how younger generations removed their courting from under parental wings and how the balance of power between the sexes shifted in women's favour monitors changes in codes regarding sexuality by focusing on the balance between the desire for sexual gratification and the longing for enduring intimacy documents the balance of controls over sexual impulses and emotions shifting from external social controls to internal ones compares nationally different trends particularly between the USA and Europe focusing on the American dating system and its resulting double standards argues that the initial greater freedom of American women has turned into a deficit Cas Wouters teaches Sociology at Utrecht University

**kan echt anders** Henri Bontenbal,2025-09-22 Nederland kan een nieuwe weg vooruit vinden De afgelopen jaren heeft Den Haag zich laten gijzelen door populistische politiek die ons land alleen maar chaos brengt Populistische politiek ontwricht de samenleving laat mensen uiteindelijk in de kou staan en maakt een fundamenteel debat over de toekomst van Nederland onmogelijk In Het kan echt anders geeft Henri Bontenbal zijn kijk op Nederland en laat hij zien welke waarden voor hem bepalend zijn bij zijn manier van politiek bedrijven Hij analyseert waar we als land vandaan komen en beschrijft hoe de politiek weer orde op zaken kan stellen om ons land uit de stilstand te halen En wat de rol van de samenleving is en hoe we

die weer sterker kunnen maken Juist nu is een verantwoordelijke politiek nodig die niet kiest voor dagelijkse ophef maar voor het algemeen belang voor onszelf en voor de generaties die na ons komen Een politiek die eerlijk is over wat moet En hoopvol over wat kan Want het kan echt anders Henri Bontenbal Rotterdam 1982 is fractievoorzitter in de Tweede Kamer en politiek leider van het CDA     *Brinkman's cumulatieve catalogus van boeken*, 1996 Voorts een alfabetische lijst van Nederlandsche boeken in België uitgegeven
