## **Linguistic Diversity In Space And Time:**

Linguistic Diversity in Space and Time Johanna Nichols, 1999-06 Some structural features of languages predict others some remain unchanged in daughter languages others have an areal consistency in establishing typologically historically and geographically stable features in the world's languages examples are included from Kayardild Djingili Dyirbal Mangarayi Maung Ngiyambaa      **Space and Time in Languages and Cultures** Luna Filipović, Kasia M. Jaszczolt, 2012-07-24 This

volume offers novel insights into linguistic diversity in the domains of spatial and temporal reference searching for uniformity amongst diversity A number of authors discuss expression of dynamic spatial relations cross linguistically in a vast range of typologically different languages such as Bezhta French Hinuq Italian Japanese Polish Serbian and Spanish among others The contributions on linguistic expression of time all shed new light on pertinent questions regarding this cognitive domain such as the hotly debated relationship between cross linguistic differences in talking about time and universal principles of utterance interpretation modelling temporal inference through aspectual interactions as well as the complexity of the acquisition of tense aspect relations in a second language The topic of space and time in language and culture is also represented from a different point of view in the sister volume *Space and Time in Languages and Cultures* Language culture and cognition HCP 37 which discusses spatial and temporal constructs in human language cognition and culture in order to come closer to a better understanding of the interaction between shared and individual characteristics of language and culture that shape the way people interact with each other and exchange information about the spatio temporal constructs that underlie their cognitive social and linguistic foundations      **Linguistic Diversity in Space and Time** Johanna

Nichols, 2018-12-14 In this ground breaking book Johanna Nichols proposes means of describing comparing and interpreting linguistic diversity both genetic and structural providing the foundations for a theory of diversity based upon population science This book will interest linguists archaeologists and population specialists An awe inspiring book unequalled in scope originality and the range of language data considered Anna Siewierska *Linguistics Fascinating* A brilliant pioneering study *Journal of Indo European Studies* A superbly reasoned book John A C Greppin *Times Literary Supplement*      Book Review Jeffrey Heath, 1994 Using models from dialect geography and population genetics Nichols links Australian colonization from the Old World on the basis of typological distributions      *Space and Time in Languages and Cultures* Luna Filipović, 2012

Szmrecsanyi, 2013-11-27 This book brings together three perspectives on language and space that are quite well researched within themselves but which so far are lacking productive interconnections Specifically the book aims to interconnect the following research areas Language space and geography Grammar space and cognition Language and interactional spaces

The contributions in this book cover geographical language variation within and across languages language use in stationary and mobile interactional spaces computer mediated communication and spatial reasoning across languages This range of issues showcases the thematic and methodological breadth of research on language and space In order to identify interconnections the respective contributions are accompanied by commentaries that highlight common threads Genetic Linguistics Joseph Greenberg,2005-03-18 This book collects Joseph Greenberg s most important writings on the genetic classification of the world s languages William Croft sets the work in context and considers its impact and the bitter controversy it excited **Space-Time (Dis)continuities in the Linguistic Landscape** Isabelle Buchstaller,Małgorzata Fabiszak,Melody Ann Ross,2024-03-27 This collection spotlights the diachronic dimensions of the linguistic landscape the importance of exploring temporal dissonances in historical events in order to better understand semiotic political and social transformations across different communities over the last century The volume seeks to expand the current borders of linguistic landscape LL research by situating the analysis of signs in the LL within their time space organization which has been understudied in existing scholarship The book featuring chapters from established and emerging scholars argues that a focus on the historicity of the city text can reveal unique insights into the role of semiotic processes as precursors and support mechanisms for political and social changes The collection is structured around different temporal clusters and geographic contexts across the globe where shorter and longer waves of politically driven resemioticization can be most sharply observed post colonial communities post communist societies and recent and current sociopolitical upheavals Taken together the volume proposes a kaleidoscope view of the complex temporalities that underpin multimodal discourses in contested public spaces offering new directions for LL research This book will be of interest to students and scholars in sociolinguistics discourse analysis semiotics visual anthropology and political science The Introduction and Chapter 8 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BYNC ND 4.0 license **Motion and Space across Languages** Iraide Ibarretxe-Antuñano,2017-08-15 This volume offers a unique combination of interdisciplinary research and a comprehensive overview of motion and space studies from a semantic typological perspective The chapters present cutting edge research covering central topics such as the status of semantic components in motion event descriptions and their role in typological variation the function of linguistic multimodal structures for the codification of motion the diachronic evolution of motion expressions and its effects on motion typologies the correspondences between physical and non physical fictive metaphorical motion and the impact of contexts and genres on the characterization and interpretation of motion events These issues are examined from a theoretical and applied linguistic perspective L1 L2 acquisition translation interpreting The analyses make use of diachronic and synchronic data collected by a range of methods elicitation experimentation and corpus research in more than fifteen languages All in all this book will be of great value to scholars and students interested in the expression of

motion and space across languages      **Multilingualism and Language Diversity in Urban Areas** Peter Siemund, Ingrid Gogolin, Monika Edith Schulz, Julia Davydova, 2013-05-31 This state of the art volume provides an interdisciplinary overview of current topics and research foci in the areas of linguistic diversity and migration induced multilingualism and aims to lay the foundations for interdisciplinary work and the development of a common methodological framework for the field Linguistic diversity and migration induced multilingualism are complex multi faceted phenomena that need to be studied from different complementary perspectives The volume comprises a total of fourteen contributions from linguistic educationist and urban sociological perspectives and highlights the areas of language acquisition contact and change multilingual identities urban spaces and education Linguistic diversity can be framed as a result of current processes of migration and globalization As such the topic of the present volume addresses both a general audience interested in migration and globalization on a more general level and a more specialized audience interested in the linguistic repercussions of these large scale societal developments      Yuchi Indian Histories Before the Removal Era Jason Baird Jackson, 2012-11-01 In Yuchi Indian Histories Before the Removal Era folklorist and anthropologist Jason Baird Jackson and nine scholars of Yuchi Euchee Indian culture and history offer a revisionist and in depth portrait of Yuchi community and society This first interdisciplinary history of the Yuchi people corrects the historical record which often submerges the Yuchi within the Creek Confederacy instead of acknowledging the Yuchi as a separate tribe By looking at the oral historical ethnographic linguistic and archaeological record contributors illuminate Yuchi political circumstances and cultural identity Focusing on the pre Removal era the volume shows that from the entrada of Hernando de Soto into the American South in 1541 to the Yuchis internal migrations throughout the hinterlands of the South and their entanglement with the Creeks to the maintenance of community and identity today the Yuchis have persisted as a distinct people This volume provides a voice to an indigenous nation that previous generations of scholars have misidentified or erroneously assumed to be a simple constituent of the Creek Nation In doing so it offers a fuller picture of Yuchi social realities since the arrival of Europeans and other non natives in their Southern homelands      The Routledge Handbook of Multilingualism Marilyn Martin-Jones, Adrian Blackledge, Angela Creese, 2012 The Routledge Handbook of Multilingualism provides a comprehensive survey of the field of multilingualism for a global readership and an overview of the research which situates multilingualism in its social cultural and political context The handbook includes an introduction and five sections with thirty two chapters by leading international contributors The introduction charts the changing landscape of social and ethnographic research on multilingualism theory methods and research sites and it foregrounds key contemporary debates Chapters are structured around sub headings such as early developments key issues related to theory and method new research directions This handbook offers an authoritative guide to shifts over time in thinking about multilingualism as well as providing an overview of the range of contemporary themes debates and research sites The Routledge Handbook of Multilingualism is the ideal resource for postgraduate students of

multilingualism as well as those studying education and anthropology

### **Multilingual Cognition and Language Use**

Luna Filipović, Martin Pütz, 2014-06-15 This volume provides a multifaceted view of certain key themes in multilingualism research today and offers future directions for this research area in the context of the multilingual development of individuals and societies The selection of studied languages is eclectic e g Amondawa Cantonese Bulgarian Dene Dutch Eipo Frisian German Mandarin Chinese Mori Russian Spanish and Yukatek among others they are typologically diverse and they are contrasted from a variety of perspectives such as cognitive development aging acquisition grammatical and lexical processing and memory This collection also illustrates novel insights into the linguistic relativity debate that multilingual studies can offer such as new and revealing perspectives on some well known topics e g colour categorisation or language transfer The critical and comprehensive discussions of theoretical and methodological considerations presented in this volume are fundamental for numerous current future empirical and interdisciplinary studies of linguistic diversity linguistic typology and multilingual processing

### **Sociolinguistic Variation in Urban Linguistic Landscapes**

Sofie Henricson, Väinö Syrjälä, Carla Bagna, Martina Bellinzona, 2024-04-23 Urban linguistic landscapes reflect and create sociolinguistic societal and urban dynamics This book explores these relations scientifically and focusing on the linguistic landscapes of selected cities in northern and southern Europe sheds light on how urban areas with diverse profiles differ and how linguistic landscapes change through tourism and migration or in times of crisis The book puts forward sophisticated and novel ways of approaching urban sociolinguistics and enhances understanding of the challenges and opportunities faced when studying sociolinguistic variation in these linguistic landscapes This book is targeted especially at scholars in the field of urban sociolinguistics wishing to approach the subject through the lens of linguistic landscapes It also raises interesting points to anyone involved in language planning and policy reflection as well as those engaged in urban redevelopment planning Last but not least it offers theoretical and methodological guidance to students and researchers in a wider variety of disciplines
