Linguistic Fieldwork Cambridge Textbooks In Linguistics:

Linguistic Fieldwork Jeanette Sakel, Daniel L. Everett, 2012-02-02 A handy beginner's guide this textbook introduces the various stages of linguistic fieldwork from the preparation of the work to the presentation of the results Drawing on over forty years of fieldwork experience between them in over two dozen languages the authors pack the book with examples and anecdotes from their experiences and include practical exercises for students to test what they have learned Independent of any particular perspective the methods can be applied to a wide range of fieldwork settings for projects with very different theoretical backgrounds and without the need to travel too far The book covers traditional fieldwork such as language description and documentation as well as less typical methods including language contact and quantitative studies with experiments or questionnaires

Linguistic Fieldwork Paul Newman, Martha Susan Ratliff, 2001-06-21 This book is a collection of original essays on the practice of linguistic fieldwork and language documentation Twelve of the leading field linguists in the world have written personal essays about the study of languages in a natural setting Drawing on extensive research experience they pass on the lessons they have learnt review the techniques that they found worked best in practice and discuss a variety of relevant topics including the attitude of the linguist the structure and content of the work session the varied roles of native speakers and the practical and personal challenges of doing research in an unfamiliar environment Covering a wide range of field areas and written in an accessible manner the book will be indispensable to fieldworkers in linguistics anthropology folklore and oral history

Linguistic Fieldwork Jeanette Sakel, 2012 A handy beginner's guide to linguistic fieldwork from the preparation of the work to the presentation of the results **Linguistic Fieldwork** Claire Bowerman, 2007-11-28 This is a practical guide to all aspects of linguistic fieldwork It not only discusses techniques for working on the phonetics phonology morphology syntax and discourse of an undescribed language but also considers field technology grant application preparation ethical research methods and problems which might arise when in the field

Linguistic Archaeology Gerd Carling, 2024-05-22 Linguistic Archaeology provides students with an accessible introduction to the field of linguistic archaeology both as theoretical framework and methodological toolkit for understanding the conceptual foundations and practical considerations involved in reconstructing the prehistory of language The book introduces the field's expansion out of traditional approaches to focus more on the interplay of related disciplines and the reconstruction of human language beyond the written period The opening chapter outlines key theories and charts their development from the nineteenth century through to today drawing on work from computational historical linguistics phylogenetics and linguistic anthropology Subsequent chapters build on theory to take a hands-on approach in mining empirical data in the process of reconstructing language prehistory including references links and instructions to open access resources and offering a step-by-step guide for employing the rich range of available methods in working with this data Closing chapters situate theory and method in context against chronological and geographic perspectives and look ahead to future trajectories for continued

progress in this emerging area of study Offering a holistic entry point into linguistic archaeology this innovative volume will be a helpful resource for students in historical linguistics linguistic anthropology language evolution and cultural geography

Handbook of Descriptive Linguistic Fieldwork Shobhana L. Chelliah, Willem J. de Reuse, 2010-10-06 The Handbook of Descriptive Linguistic Fieldwork is the most comprehensive reference on linguistic fieldwork on the market bringing together all the reader needs to carry out successful linguistic fieldwork Based on the experiences of two veteran linguistic fieldworkers and advice from more than a twenty active fieldwork researchers this handbook provides an encyclopedic review of current publications on linguistic fieldwork and surveys past and present approaches and solutions to problems in the field and the historical political and social variables correlating with fieldwork in different areas of the world The discussion of the ethical dimensions of fieldwork as well as what constitutes the typical linguistic fieldwork setting or consultant is explored from multiple perspectives relevant to fieldwork on every continent Included is information omitted in most other texts on the subject such as the collection representation management and methods of extracting grammatical information from discourse and conversational data as well as the relationship between questionnaire based elicitation text based elicitation and philology and the need for combinations of these methods The book is useful before during and after linguistic field trips since it provides extensive practical macro and micro organization and planning fieldwork tips as well as a handy sketch of major typological features for use in linguistic analysis Comprehensive references are provided at the end of each chapter as resources relevant to the reader's particular interests

Field Linguistics Terry Crowley, 2007-01-18 This book is a comprehensive practical guide to field linguistics It deals in particular with the problems arising from the documentation of endangered languages Terry Crowley shows how to prepare for that task and how to record analyse and describe languages in the field Mixing formal instruction and anecdote the author shares his rich experience with the new generation of linguistic fieldworkers

The Languages and Linguistics of Indigenous North America Carmen Dagostino, Marianne Mithun, Keren Rice, 2023-09-05 This handbook provides broad coverage of the languages indigenous to North America with special focus on typologically interesting features and areal characteristics surveys of current work and topics of particular importance to communities The volume is divided into two major parts subfields of linguistics and family sketches The subfields include those that are customarily addressed in discussions of North American languages sounds and sound structure words sentences as well as many that have received somewhat less attention until recently tone prosody sociolinguistic variation directives information structure discourse meaning language over space and time conversation structure evidentiality pragmatics verbal art first and second language acquisition archives evolving notions of fieldwork Family sketches cover major language families and isolates and highlight topics of special value to communities engaged in work on language maintenance documentation and revitalization

Linguistic Anthropology Alessandro Duranti, 1997-09-04 Alessandro Duranti introduces linguistic anthropology as an interdisciplinary field which studies

language as a cultural resource and speaking as a cultural practice The theories and methods of linguistic anthropology are introduced through a discussion of linguistic diversity grammar in use the role of speaking in social interaction the organisation and meaning of conversational structures and the notion of participation as a unit of analysis Linguistic Anthropology will appeal to undergraduate and graduate students *Language Contact and Documentation / Contacto lingüístico y documentación* Bernard Comrie, Lucía Golluscio, 2014-12-12 The volume is highly relevant to the current regional and international discussion on endangered languages language contact documentation and areal typology The publication is the outcome of a fruitful theoretical and methodological exchange between Latin American scholars and international scholars working in other regions Most of the papers target Latin American languages Additionally new insight into the contact situations in Indonesia Iran Australia and Papua New Guinea is provided *40th Anniversary of Studies in Symbolic Interaction* Norman K. Denzin, 2013-05-02 To mark 40 volumes of Studies in Symbolic Interaction this volume includes a special introduction from Series Editor Norman K Denzin This 40th volume advances critical discourse on several fronts

A Grammar of Kurtöp Gwendolyn Hyslop, 2017-02-06 A grammar of Kurtöp is the first descriptive grammar of Kurtöp a threatened language of Bhutan and the only reference grammar of any East Bodish language The East Bodish languages are a relatively unstudied branch of the larger Tibeto Burman family situated in Bhutan and neighbouring regions in Tibet and Arunachal Pradesh The chapters introduce the language and the people who speak in a historical context and then go on to detail the synchronic and diachronic phonology discuss word classes and clause structure morphosyntax and syntax and illustrate rich system of evidentiality and related categories The book will be of interest to Tibeto Burmanists historical linguists and those interested in the prehistory of the eastern Himalayas and to typologists **Morphology** Jeffrey P. Linguistics Today □ Facing a Greater Challenge Piet van Sterkenburg, 2004-10-13 Every five years the Permanent International Committee of Linguists CIPL organises a world congress for linguists And every five years the Committee faces the challenge of presenting a programme at the highest possible level The CIPL Executive Committee decided for the Congress planned for 2003 in Prague to focus on four major topics which play an important role in today's linguistic debate 1 Typology 2 Endangered Languages 3 Methodology and Linguistics including fieldwork and 4 Language and the mind Leading experts have introduced the four themes in their

plenary lectures in the course of the congress which served as a basis for the articles presented in the current volume This book should be a welcome tool for all linguists wishing to find their way quickly in current developments A CD Rom containing the full proceedings of the Prague Congress is included

Expressive Morphology in the Languages of South Asia Jeffrey P. Williams, 2020-08-30 Expressive Morphology in the Languages of South Asia explores the intricacies of the grammars of several of the languages of the South Asian subcontinent Specifically the contributors to this volume examine grammatical resources for shaping elaborative rhyming and alliterative expressions conveying the emotions states conditions and perceptions of speakers These forms often referred to expressives remain relatively undocumented until now It is clear from the evidence on contextualized language use that the grammatically artistic usage of these forms enriches and enlivens both every day and ritualized genres of discourse The contributors to this volume provide grammatical and sociolinguistic documentation through a typological introduction to the diversity of expressive forms in the languages of South Asia This book is suitable for students and researchers in South Asian Languages and language families of the following Dravidian Indo Aryan Iranian Sino Tibetan and Austro Asiatic

The ^AOxford Handbook of Endangered Languages Kenneth L. Rehg, Lyle Campbell, 2018-07-18 The Oxford Handbook of Endangered Languages in 39 chapters is a comprehensive resource on endangered languages It broadens understanding of language endangerment language documentation and language revitalization and in doing so encourages further research and support for endangered languages

Language Documentation and Revitalization in Latin American Contexts Gabriela Pérez Báez, Chris Rogers, Jorge Emilio Rosés Labrada, 2016-07-11 Up to now the focus in the field of language documentation has been predominantly on North American and Australian languages However the greatest genetic diversity in languages is found in Latin America home to over 100 distinct language families This book gives the Latin American context the attention it requires by consolidating the work of field researchers experienced in the region into one volume for the first time

Language, Culture, and Society James Stanlaw, Nobuko Adachi, 2025-03-31 Why should we study language How do the ways in which we communicate define our identities And how is this all changing in the digital world Over seven editions many have turned to Language Culture and Society for answers to questions like these because of its comprehensive coverage of all critical aspects of linguistic anthropology This eighth edition carries on the legacy while addressing some of the newer pressing and exciting challenges of the twenty first century such as issues of language and power language ideology linguistic diasporas as well as online and digital ecosystems New to this edition are a reconceptualization of how linguistics approaches race gender and sexuality with additional chapters and sections on how linguistics benefits archaeology and biological anthropology as well as considerations of the relationship between language and truth ethics and war and politics It also features enhanced and updated pedagogical features such as learning objectives updated resources for continued learning and cross references to updated encyclopedias of linguistic anthropology
