Lists from Early Christianity provides an accessible presentation of these early canon lists. With a focus on the first four centuries, the volume supplies the full text of the canon lists in English translation alongside the original text, usually Greek or Latin, occasionally Hebrew or Syriac. Edmon L. Gallagher and John D. Meade orient readers to each list with brief introductions and helpful notes, and they point readers to the most significant scholarly discussions. The book begins with a substantial overview of the history of the biblical canon, and an entire chapter is devoted to the evidence of biblical manuscripts from the first millennium. This authoritative work is an indispensable guide for students and scholars of biblical studies and church history.
