*ABC's for Bully Prevention, Simple as 1-2-3* Mark Johnson,2014-12-20 Bullying and victimization are not new They have been around since the beginning of time ABC s for Bully Prevention Simple as 1 2 3 corresponds the letters of the alphabet to words that relate to victimization bullying and intervention The words are simple yet relevant a toolbox of different ideas and principles that can be used by all ages students teachers parents children preachers parishioners correctional workers law enforcement supervisors and employees to educate themselves and others The concepts challenge the reader to develop an out of the box perspective on how to approach bullying and reduce its negative effects The author s personal opinion is that children are not born to hate they are taught to hate Use this book to reverse that cycle "EVERYONE JUST YELL "NO" AT THE "BULLIES!" THAT SHOULD HELP TO STOP THEM! Molly Murray,2011-08 I think most of us have been bullied at one time in our life or another I believe there were times we may not have realize we were being bullied If we were not being hit or yelled at we were not being bullied Not true Have you ever had something gnaw away at you in the pit of your stomach and you did not know what it was I have Have you ever been left out of a conversation not only when you were young but now as adults It hurts and is so uncomfortable Have you ever been laughed at and to you for no reason at all Have you ever had people just look down at you Have you ever had people make you feel worthless without having to say anything Has anyone ever teased you until it hurt Yes these are all forms of bullying Have you ever yelled at your children and I don t mean just normal mom and dad discipline Have you said things you should not have and did not realize it was emotional abuse to your children The things that I have heard parents say are stupid and shut up That is just a couple things Think about it and

then apologize to your children no matter how old or young they are Just love them If any of the above sounds familiar you are a bully That is right Re read the bad feelings above and if you have done that to anyone you know well maybe you need to tell them just how sorry you are This goes for bosses also Being a boss does not give you the right to be a bully If you think you will get a better employee that way you are so wrong
