Freedom Inside? Farah Godrej,2022 An estimated forty

million people in the United States regularly practice yoga and as an industry it generates over nine billion dollars annually. A major reason for its popularity is its promise of mental and physical well-being. Yoga and meditation are thought to be spiritual paths to self-improvement. Yoga is also widely practiced in prisons, another large business in the United States. Prisons in all fifty states offer yoga and meditation as a form of rehabilitation. But critics argue that such practices can also have disempowering effects due to their emphasis on acceptance, non-judgment, and non-reaction. If the root of suffering is in the mind, as the philosophy behind yoga and meditation suggests, then injustice, including mass incarceration, may be reduced to a mental state requiring coping techniques rather than a more critical mindset. Others insist that yoga can heighten people's attention to structural violence, hierarchy, racism, and inequity. In fact, some of history's most radical activists, including M. K. Gandhi and Thich Nhat Hanh, traced their ethical and political commitments to their grounding in yogic or meditative traditions. Yoga and meditation programs, no doubt, offer crucial respite for those who are incarcerated, but what sort of political effects do they have? Do they reinforce the neoliberal logic of mass incarceration, which emphasizes individual choices, or can they assist marginalized people in navigating systemic injustice? Drawing on collaborations with incarcerated practitioners, interviews with volunteers and formerly incarcerated practitioners, and her own fieldwork with organizations offering yoga and meditation classes inside prisons, Farah Godrej examines both the promises and pitfalls of yoga and meditation. *Freedom Inside* reveals the ways in which incarcerated persons have used yogic practices to resist the dehumanizing effects of prisons and to heighten their awareness of institutional racism and mass incarceration among poor people and people of color. Godrej argues that while these practices could unwittingly exacerbate systemic forms of inequity and injustice, they also serve as resources for challenging such injustice, whether internally via the realm of belief or externally through action. A combination of ethnography and political theory, *Freedom Inside* reimagines the concept of resistance in a way that considers people's interior lives as a crucial arena for liberation. — *Mahamudra Tantra* Kelsang Gyatso, 2005. Mahamudra is the union of the most subtle mind that experiences great bliss and realizes ultimate truth the way things actually exist. From his practical experience, Geshe Kelsang Gyatso explains how to prepare our mind for Mahamudra meditation, how to remove obstacles to successful practice, and how we can experience progressively subtler states of mind. By explaining how to uncover and purify the deepest level of our mind and to use this very subtle blissful mind to meditate on ultimate truth, he shows how we can destroy all our negative minds at their very root and quickly reach the state of full enlightenment.

Heart Jewel Geshe Kelsang Gyatso, 1997. An explanation of how to overcome obstacles and difficulties on the spiritual path by developing compassion, wisdom, and spiritual strength. — *Universal Compassion* Geshe Kelsang Gyatso, 2002. In a commentary on the Buddhist poem *Training the mind in seven points*, a Tibetan Buddhist teacher presents a series of methods for developing unconditional love and compassion. — **The New Heart of Wisdom** Geshe Kelsang Gyatso, 2012-09.
