Description :

Just because you don't have all the tools and training of a full-time medical examiner doesn't mean you can't learn your way around a crime scene. In Forensics, award-winning author and TV show consultant D.P. Lyle, M.D., takes each area of forensics from fingerprint analysis to crime scene reconstruction and discusses its development, how the science works, how it helps in crime solving, and how you as a writer might use this technique in crafting your plot. This comprehensive reference guide includes: Real-life case files and the role forensic evidence played in solving the crimes A breakdown of the forensics system from its history and organization to standard evidence classification and collection methods Detailed information
