Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical

meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics *Mormonism and the Emotions* Mauro Properzi,2015-05-21 Mormonism and the Emotions An Analysis of LDS Scriptural Texts is an introductory Latterday Saint LDS theology of emotion that is both canonically based and scientifically informed It highlights three widely accepted characteristics of emotion that emerge from scientific perspectives namely the necessity of cognition for its emergence the personal responsibility attached to its manifestations and its instrumentality in facilitating various processes of human development and experience In analyzing the basic theological structure of Mormonism and its unique canonical texts the objective is to determine the extent to which LDS theology is compatible with this three fold definition of emotion At this basic level of explanation the conclusion is that science and Mormon theology undoubtedly share a common perspective The textual investigation focuses on unique Mormon scriptures and on their descriptions of six common emotions hope fear joy sorrow love and hate For each of these emotional phenomena the extensive report of textual references consistently confirms an implied presence of the outlined three fold model of emotion Thus the evidence points to the presence of an underlying folk model of emotion in the text that broadly matches scientific definitions Additionally the theological examination is enlarged with a particular focus on the Mormon theology of atonement which is shown to play a significant role in LDS understandings of emotions A broad exploration of such areas as epistemology cosmology soteriology and the theological anthropology of Mormonism further contextualizes the analysis and roots it in the LDS theological worldview

Howlett,2014-05-30 The only temple completed by Mormonism s founder Joseph Smith Jr the Kirtland Temple in Kirtland Ohio receives 30 000 Mormon pilgrims every year Though the site is sacred to all Mormons the temple s

religious significance and the space itself are contested by rival Mormon dominations its owner the relatively liberal Community of Christ and the larger Church of Jesus Christ of Latter day Saints David J Howlett sets the biography of Kirtland Temple against the backdrop of religious rivalry The two sides have long contested the temple s ownership purpose and significance in both the courts and Mormon literature Yet members of each denomination have occasionally cooperated to establish periods of co worship host joint tours and create friendships Howlett uses the temple to build a model for understanding what he calls parallel pilgrimage the set of dynamics of disagreement and alliance by religious rivals at a shared sacred site At the same time he illuminates social and intellectual changes in the two main branches of Mormonism since the 1830s providing a much needed history of the lesser known Community of Christ *Latter-day Saint Family Encyclopedia* Christopher Kimball Bigelow,Jonathan Langford,2019-08-20 A home reference guide to key terms in Mormon culture A one volume compendium of Mormon culture this handy reference book covers key doctrinal terms beliefs ordinances church history and growth and more You ll find extensive entries on the prophets and personalities from all four standard works accepted by the church and many interesting anecdotes and facts on a wide array of topics Teens and adults will appreciate the fresh innovative approach this encyclopedia takes as it culls the vast sea of LDS information available into a manageable book suitable for the whole family *Polygamy in Primetime* Janet Bennion,2012 A provocative look at the costs and benefits of polygamy among western fundamentalist Mormon women **Gospel Doctrine Sunday School Lessons for the Church of Jesus Christ of Latter-day Saints** ,1940 Moroni and the Swastika David Conley Nelson,2015-03-02 A page turning historical narrative this book is the first full account of how Mormons avoided Nazi persecution through skilled collaboration with Hitler s regime and then eschewed postwar shame by constructing an alternative history of wartime suffering and resistance
