Leadership A Communication Perspective Sixth Edition:

Leadership Michael Z. Hackman, Craig E. Johnson, 2013-04-03 Leadership is an integral component of the human experience and of practical importance to all. For nearly 25 years the multiple editions of Hackman and Johnson's outstanding work have been the backbone of leadership courses at hundreds of colleges and universities. The authors extend this tradition of excellence in the Sixth Edition which continues to serve as a valuable catalyst for generating new insights, debating controversial issues, and contributing to the ongoing dialogue on leading and following. Hackman and Johnson illuminate our understanding of leadership by approaching it as a communication-based activity. They artfully balance research and theory with practical, real-world suggestions for improving communication competence and leadership effectiveness in small group, organizational, and public contexts. The comprehensive Sixth Edition adds discussions of organizational politics, project leadership, executive level teams, adaptive leadership, intergroup leadership, sensemaking, and in extremis leadership. Readers will also appreciate the expanded treatment of bad leadership, emotional competencies, followership, styles, charisma, leader development, crisis leadership, and virtual team leadership. Case studies cover such timely issues as the pink slime controversy, the legacy of Steve Jobs, banning super-sized soft drinks, the scandal at Penn State University, and the Miracle on the Hudson. Abundant examples, case studies, self-assessments, and research highlights enhance the presentation. Moreover, wide-ranging application exercises offer multiple opportunities for readers to review and apply the skills covered in the chapters.

Readers will learn how to clearly communicate a vision, keep members of a group motivated, encourage creativity, manage conflict, resolution, and much more.

Inspired by God Ryan Cappadony, 2017-07-18 Leadership is something that we all participate in. Many of us know good and bad leadership when we see it. But do we know what kind of leadership we have? Do we know where it comes from? This is more than just another book on leadership. Inside, we journey through many different leadership styles, theories, and approaches to see which of these we possess and how to improve them. More than this, however, we will see where each style is found in the Bible so we can learn from God-inspired leaders.
