### LEADERSHIP ARCHITECT® SORT CARD DECK 5TH EDITION—ENGLISH VERSION\*.

The 5th Edition of the Leadership Architect® Sort Card Deck has been updated to reflect the following user-friendly features:

- An updated design and new colors that coordinate with tools in the Interview Architect® Suite as well as new and enhanced tools in the Leadership Architect® Suite. The updated design promotes easier card sorting, profiling, and back-and-forth referencing between other tools in the Suite.
- New box design and style. The new box design makes it easier to take cards out and put them back in. Thumb tabs on tops of cards group like-cards together.
- New labeling so cards can be sorted vertically or horizontally. This feature makes the cards useful for sorting cards in small spaces and provides quicker sorting for those familiar with the competency definitions. With the new format, competency numbers are at the top and Factor/Cluster coding is at the margin.
- Divider cards show definitions on the back. This feature provides sorters with a common definition for each point on the scale and allows for more accurate and consistent sorting.
- Divider cards are grouped together by different shades of gray. Sorters use this feature to find sorting scales at-a-glance.
