Leadership Talk A Discourse Approach To Leader Emergence

Michael B. Goodman

Leadership Talk A Discourse Approach To Leader Emergence:

Leadership Talk Robyn Walker, Jolanta Aritz, 2014-01-31 Traditionally management theories have taken a psychological approach to leadership often assuming that it is a personality trait located within an individual In contrast the discursive approach to leadership which is the focus of this book assumes that leadership is created through communication practices As a leader this book will provide you with an in depth look at an emerging approach to the study of business leadership that focuses on language as a vehicle for communicating leadership The authors explore a new definition of leadership as the expression of ideas in talk or in action that are recognized by others as capable of progressing tasks or solving problems The practical implication of this view of leadership suggests that leaders must constantly enact and communicate their relationship to their followers in such a way as to be recognized by them as a leader Inside you and future leaders will learn how to approach leadership more effectively as a communication practice that involves and depends upon the response of potential followers

Language in Business, Language at Work Erika Darics, Veronika Koller, 2018-01-31 Packed with contemporary examples from the business world this is an exciting and engaging text which explains how language works in business how to analyse it and how to use it in an informed and creative way The book is split into three parts which look at business communication from corporate management and employee perspectives Wide ranging in nature it explores a variety of topics ranging from stakeholder communication and brand narratives to managing conflict and self branding Each chapter contains ample opportunity for readers to put new skills into practice while case studies act as springboards for further discussion This is essential reading for students of both language and business related disciplines both during and beyond their studies It is also an indispensable resource for teachers of business communication

Language Awareness in Business and the Professions Erika Darics, 2022-08-04 Demonstrates that language awareness and discourse consciousness are key for critical thinking and communication in professional contexts

Growth Talk Chris Munro, John Campbell, 2025-10-08 Establish a culture of coaching at your school in which any conversation can turn into a moment of professional growth As a principal coach or instructional leader you are responsible for helping to shape the professional development of the teachers in your school Every conversation has the potential to offer deeper learning but not every conversation delivers on this promise *Growth Talk A Coaching Way of Leading in Schools* offers a practical guide to enhancing teachers learning growth and progress in a variety of contexts from formal interactions to impromptu encounters that can become coachable moments International coaching experts Chris Munro and John Campbell explain how educators can quickly make growth conversations a norm in their schools providing Frameworks for coaching as a way of leading Field tested tools and techniques for successful coaching Processes to implement coaching skills for everyday learning Strategies to ensure widespread and long term success School systems are human intensive which means that influence learning and progress all happen through conversation As a leader it s important that you be intentional in how you use conversation to

lead With this book you can learn to engage in humanizing dialogue that fosters more trusting relationships and supports teacher growth This book is a copublication of ASCD and One Fine Bird Press *The Routledge Companion to Leadership* John Storey, Jean Hartley, Jean-Louis Denis, Paul 't Hart, David Ulrich, 2016-09-13 Leadership has never been more important and divisive than it is today The idea and discourse of the leader remains a critical factor in organizational and societal performance but there is evident tension between the persistent focus on the critical importance of individual leaders and the increasing emphasis on collective leadership The Routledge Companion to Leadership provides a survey of the contentious and dynamic discipline of leadership This collection covers key themes in the field including advances in leadership theory leadership in a range of contexts and geographies leadership failure leadership process and leadership development Topics range from micro studies to wider political analyses of leadership taking in unusual but important aspects such as portrayals of leadership in architecture media and science fiction Contributions from 61 internationally renowned authors from 16 countries make available the full range of perspectives approaches and insights on the idea of leadership Providing both a social sciences and a psychological approach these go beyond common themes to offer diverse perspectives on such topics as emotion and leadership portrayals of leadership This volume situates leadership debates and evidence within contemporary leadership crises while ensuring that the explorations of the issues are of enduring relevance With wide and critical coverage of the key topics and potent contextualization of themes in current events The Routledge Companion to Leadership is the ideal resource for graduate study in leadership *Glocalization and the Development of a Hybrid Leadership Model* Qingyan Tian, 2020-10-26 Through in depth interviews with the presidents of major Chinese universities this text explores the changing demands on leaders in Higher Education in the wake of globalization and develops a contemporary model of Hybrid Leadership Glocalization and the Development of a Hybrid Leadership Model examines the leadership philosophies and practices of Chinese university presidents and presents new insights and perspectives on the meaning and practice of leadership in a global era Drawing on data from a unique methodological process which integrates Western and Eastern approaches chapters foreground the experiences of leaders in higher education to demonstrate how they perceive and balance diverse and potentially conflicting local and global demands and ensure effective leadership by combining leadership philosophies and practices from local and global contexts Ultimately this informs the development of new model of leadership characterized by the hybridization of the global and local at the contextual and personal levels and marked by global competency multiple cultural and sectoral mindsets and geographically adaptable skill sets Challenging and enriching the existing theories of leadership for higher education this text will be of interest to scholars post graduate students and academics in the fields of educational leadership international and comparative education higher education and leadership studies It will also be of interests to the practitioners of leadership in general and higher education leadership in particular

Leading the Listening Organisation Mike Pounsford, Kevin Ruck, Howard Krais, 2023-12-22 How organisations listen

learn and adapt to their environment drives success and long term sustainability This book focuses on internal stakeholders and how employers can use the voice of their people to improve decision making innovation and performance It is about why listening to employees matters and how to do it well Leading the Listening Organisation reveals not just the practices and processes that underpin effective listening but also the leadership characteristics and mindsets necessary to create resilient organisations that feel fair to work in where people want to speak up and where new ideas can flourish It is based on extensive international research with leaders across over 500 organisations before during and after the pandemic The authors bring decades of international experience and expertise in communicating with employees across public private and third sector organisations Rich in practical tools processes and working frameworks and brought to life with case studies and insights from leaders and communicators this book provides a complete guide to understanding the barriers to and implementation plans for leading a listening organisation This comprehensive guide will resonate with leadership internal communications human resources and organisational development professionals

Introducing Language in the Workplace Bernadette Vine,2020-06-11 Assuming no prior linguistics background this introductory textbook summarises key topics and issues from workplace discourse research in a clear and accessible manner The topics covered include how people issue directives use humour and social talk and how they manage conflict and disagreement The role of language in the enactment of identity is also explored in particular leadership gender and cultural identity along with the implications and applications of workplace research for training and communications skills development Over 160 international examples are provided as illustration which come from a wide range of workplace settings countries and languages The examples focus on authentic spoken discourse to demonstrate how theory captures the patterns found in everyday interaction Introducing Language in the Workplace provides an excellent up to date resource for linguistics courses as well as other courses that cover workplace discourse such as business communication or management studies

Fundamental Theories of Business Communication Milton Mayfield,Jacqueline Mayfield,Robyn Walker,2020-12-04 This book examines the major business communication theories delving into their relationships and practical applications Many business communication studies lack a strong theoretical grounding a deficit that creates difficulties for researching business communication phenomena and building upon previous studies The book addresses this issue by cataloging and briefly describing the major business communication theories as well as giving a typology of these theories to better integrate them This book provides value to business communication researchers who can use it to build upon and develop their work experts in practice who can apply it to improve business communications and academics who can use it to enhance their instructional designs It also offers insights into new developments on the business communication theory horizon

Leadership Joseph L. Curtin,2022-03-17 Leadership 700 Definitions and Ways to Lead presents hundreds of definitions of leadership and ways to lead offered by authors publishers and editors of 381 publications beginning with the first English language dictionary

definition published in 1846 If you are a student writing a term paper a master s thesis a doctoral dissertation or any other research based academic assignment related to management political science or some other discipline that involves the study of leadership this book can be invaluable as a starting point or reference source It can also serve as a wellspring of information for instructors scholars writers and leadership practitioners Joseph L Curtin a management and leadership development consultant answers questions such as What have scholars stated about the connections between leadership and effectiveness Can leadership exist if someone only has one follower Does turnover in an organization indicate leadership is ineffective What are the connections between leadership and ethics Whether you re as scholar employee business owner or individual seeking to improve the way you interact with a child friend or lover this book provides the wisdom you need to build authentic connections and grow as a leader

Motivating Language Theory Jacqueline Mayfield,Milton Mayfield,2017-09-07 This book presents the findings applications and theoretical underpinnings of a unique leadership communication model motivating language theory Drawing from management social science and communication theories motivating language theory demonstrates how leader to follower speech improves employee and organizational well being and drives positive workplace outcomes such as employee performance retention and job satisfaction in a wide array of settings It presents an integrated model based on empirical findings and theoretical developments from the past three decades to explore the three dimensions of motivating language direction giving language empathetic language and meaning making language It will be a comprehensive source for its empirical relationships generalizability theoretical basis and future directions for research and practice

Politeness in Professional Contexts Dawn Archer,Karen Grainger,Piotr Jagodziński,2020-08-15 Much like in everyday life politeness is key to the smooth running of relationships and interactions Professional contexts however tend to be characterised by a plethora of behaviours that may be specific to that context They include polite behaviours impolite behaviours and behaviours that arguably fall somewhere between or outside such concepts The twelve chapters making up this edited collection explore these behaviours in a range of communication contexts representative of business medical legal and security settings Between them the contributions will help readers to theorize about and in some cases operationalize im politeness and related behaviours for these real world settings The authors take a broad yet theoretically underpinned definition of politeness and use it to help explain analyse and inform professional interactions They demonstrate the importance of understanding how interactions are negotiated and managed in professional settings The edited collection has something to offer therefore to academics professionals and practitioners alike
