**Lead With Influence** Matt Norman, 2024-01-28 Positive influence without authority is the superpower that most people never learn to use at work Millions of subject matter experts functional leaders requirements gatherers and problem solvers have opportunities to influence every day Instead too often they merely respond to requests

and take orders from their stakeholders By not exercising their unknown superpower they miss opportunities to break down silos improve collaboration and accelerate the best decisions for the organization Organizations desperately need more positive leadership and influence to innovate solve big challenges and develop healthy culture If more people could discover how to use their superpower they d not only drive impact but they would elevate their own perceived self worth leading to higher engagement and better mental and emotional wellbeing What do people do instead of using their untapped superpower When attempting to influence without much leverage most people employ logical arguments and repeated pressure They build a rational case and keep asking But that rarely works Facts arguments and pressure don t work well trying to influence social emotional creatures As Dale Carnegie said When dealing with people let us remember we are not dealing with creatures of logic We are dealing with creatures of emotion creatures bristling with prejudices and motivated by pride and vanity This book is designed to help people discover the most impactful approach to influencing without authority coercion manipulation or force It is a practical guide to influence that builds trust and relationships It provides clear patterns and mental models grounded in neuroscience for communicating in a way that generates engagement buy in and cooperation Anyone trying to influence without using leverage or control will benefit from this book It s especially suited for influencing in today s fast paced organizations where so many people have the ability to influence change even if they don t have the biggest title or the most political capital Other books on leadership influence and trust offer broad strategies theories and truisms but this book provides something more practical and applicable Proven mental models and communication patterns that can be utilized in nearly every communication It s based on Dale Carnegie Training s over 10 years of workshop laboratory and field testing with thousands of professionals across the world in multiple cultures and languages from small organizations to large multi national from non profit to for profit from government to the private sector It provides hands on structure and guidance for things like what to write in an email how to ask the best question in a conversation to unlock new thinking how to explain a controversial idea and how to communicate when someone pushes back on you If you want to learn to utilize your superpower of influence you have to figure out how to It s not self help it s how to Leading Organizations Through Transition Stanley Deetz, Sarah J.
