have been passed around and carried on by modern day practitioners in the form of seemingly harmless magic hoodoo. However, it isn't harmless at all. Dealing with magic means you're dealing with unnatural things. Voodoo is a religion to which some people who practice it explain that there is another being that possesses magic powers using them. Despite it being from so long ago, this religion has continued to adapt, grow, and evolve throughout the years. But how much do we really know about them? The rituals are seen as intriguing since they are from a different worldview or culture as they originated in Africa. However, when hearing the word Voodoo, zombies and dolls with needles are usually what's imagined. With the help of Voodoo for Beginners, you could have a deeper understanding of what Voodoo really is and have a chance to practice it yourself. In this book, you'll find History of Voodoo: How did Voodoo reach America and what's involved when practicing it; Elements of Voodoo: What are the essential elements of this practice and how to set them up; Voodoo Rituals: How to perform some rituals that you could use for others. Aside from the information it gives about Voodoo itself, it will also guide you to start your journey into it. This religion is greatly misunderstood. There is more to it than dolls. But you could still read and learn how to create a Voodoo doll in this book among others. Scroll up, click on Buy Now with 1 Click and Get Your Copy Now.

Hoodoo, Voodoo, and Conjure Jeffrey E. Anderson, 2008-10-30 Hoodoo, voodoo, and conjure are part of a mysterious world of African American spirituality that has long captured the popular imagination. These magical beliefs and practices have figured in literary works by such authors as Toni Morrison, Alice Walker, and Ishmael Reed, and they have been central to numerous films such as *The Skeleton Key*. Written for students and general readers, this book is a convenient introduction to hoodoo, voodoo, and conjure. The volume begins by defining and classifying elements of these spiritual traditions. It then provides a wide range of examples and texts which illustrate the richness of these beliefs and practices. It also examines the scholarly response to hoodoo, voodoo, and conjure, and it explores the presence of hoodoo, voodoo, and conjure in popular culture. The volume closes with a glossary and bibliography. Students in social studies classes will use this book to learn more about African American magical beliefs, while literature students will enjoy its exploration of primary sources and literary works.
