Drum, 2008. *The Incomplete Framley Examiner* The Editors, 2021-10-14. In 2001, fans of the internet were introduced to scanned pages from spoof local newspaper *The Framley Examiner*. Packed with humdrum and preposterous news stories, classified ads, local business features, and headlines that seemed to have been typed while asleep, it skewered the banal madness of small-town existence, perfectly encapsulating the British national character. Framley's strange yet familiar community, stuffed with its own cast, insane geography, and rich local history, struck a chord with those who recognised their own home towns in its reflection. The website was loved and shared by an eager public, as well as famous fans from Little Britain, *The Simpsons*, and the Cambridge Centre for Theoretical Cosmology. Professor Stephen Hawking was a Framley enthusiast. Marking the twentieth anniversary of the website's first appearance, *The Incomplete Framley Examiner* combines
